TITLE 6—AGRICULTURAL CREDIT

Chapter II—War Food Administration (Commodity Credit)

[1944 C. C. C. Wheat Form 1—Instructions,
Amdt. 1]

PART 251—1944 WHEAT LOANS

INCREASE OF LOAN RATES ON WHEAT PRODUCED IN 1944

Pursuant to the provisions of Title III, section 302 of the Agricultural Adjustment Act of 1938, as amended (52 Stat. 43; 7 U.S.C., 1940 ed., 1302), and the Act of May 26, 1941 (55 Stat. 205, 7 U.S.C., 1940 ed., Supp. I, 1330), as amended by the Act of December 26, 1941 (55 Stat. 860), the Act of October 2, 1942 (56 Stat. 767; 50 U.S.C., 1940 ed., Supp. II, 968), and Public Law No. 240, 78th Congress, Commodity Credit Corporation has authorized the making of loans to eligible producers on eligible wheat stored on farms or in approved public grain warehouses, in accordance with the regulations in this part (1944 C.C.C. Wheat Form 1—Instructions). Such regulations are hereby amended as follows:

Section 251.3 *Loan rates*, is amended by adding at the end thereof, the following:

The loan rates set forth above and in State supplements (1944 C.C.C. Wheat Form 1—Supplement 2—Kansas, et cetera) are hereby increased 7 cents per bushel effective as of June 1, 1944. The 7 cents per bushel increase will be made available to producers who have already obtained loans secured by wheat produced in 1944 and to producers applying for loans in the future.

Dated: July 8, 1944.

J. B. HUTSON,
President.

Chapter III—War Food Administration (Farm Security)

PART 300—GENERAL

DELEGATION OF AUTHORITY TO REGIONAL DIRECTORS

§ 300.13 *Delegation of authority to Regional Directors of Farm Security Administration to dispose of real and personal property, to release instruments of security, to execute deeds and other instruments of conveyance, and to perform other functions.* Pursuant to the authority vested in me by the War Food Administrator's Memorandum No. 37, dated March 13, 1944 (9 F.R. 2840, Regional Directors of Farm Security Administration are hereby empowered on behalf of the United States, to the extent provided in, and pursuant to and in accordance with the provisions of applicable FSA Instructions and specific authorizations from time to time issued or to be issued:

(a) To approve the sale and disposition of real and personal property or any interest therein acquired by defense relocation corporations and land purchasing and development associations under programs administered by Farm Security Administration; to release individual tracts of land from the security of the Government represented by mortgages or other liens on such acquired property; and to exercise, for, and on behalf of United States of America, all rights, privileges and powers of the Government under the terms of any agreement or instrument heretofore or hereafter entered into in connection with the sale of such property, or taken in connection with such sale as security for the sale price.

(b) To determine whether any land held by the United States under the supervision of the Secretary of Agriculture or the War Food Administrator pursuant to Executive Order 7530, dated December 31, 1936, as amended by Executive Order 7557, dated February 19, 1937, is suitable for the purposes of Title I of

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service

PART 150—ARREST AND DEPORTATION

CUSTODY OF ARRESTED ALIENS

JULY 26, 1944.

Section 150.5, Title 8, Chapter I, Code of Federal Regulations is amended to read as follows:

§ 150.5 Custody of arrested aliens—

(a) Release on bond or personal recognizance. An alien arrested in deportation proceedings may, pending final disposition of his case and in the discretion of the officer in charge of the office having custody of the alien, be released under bond, or on his own person's recognizance, or on parole, unless specific instructions to the contrary covering individual aliens or classes of aliens shall have been issued by the Central Office. When release is directed by the officer in charge of the office having custody of the alien under conditions other than those stated in the warrant of arrest, such officer shall make immediate report thereof in writing to the Central Office giving the reasons for the action taken.

(b) Detention without bond. If, in any case where the Central Office has not authorized detention without bond, the officer in charge of an office having custody of an alien has reason to believe that release should not be authorized under any condition, such alien may be continued in custody but a report shall promptly be made to the Central Office giving reasons for the action taken.

(c) Delivery bonds. If a delivery bond is required and accepted, the bond shall be in an amount that will insure the alien's appearance when wanted, but not less than \$500. The approval of the form and execution of the bond by the district director or officer in charge shall be sufficient for the release of an alien, pending final approval of the bond by

the Central Office. The sureties may justify in real estate or may deposit any public debt obligations of the United States and any bonds, notes, or other obligations which are unconditionally guaranteed as to both interest and principal by the United States, and which are not redeemable within one year from the date on which they are offered for deposit. The justification in real estate shall be by two owners, each in double the amount of the penalty of the bond over and above all encumbrances. A surety company authorized by the Treasury Department to transact federal bond business shall be an acceptable surety.

CROSS REFERENCE: For "Acceptance of bonds, notes or other obligations issued or guaranteed by the United States as security in lieu of surety or sureties on penal bonds", see 31 CFR Part 225 (Treasury Department Circular No. 154, revised February 6, 1935).

(d) *Detention facilities.* An alien under deportation proceedings not released on bond, or on personal recognizance, or on parole, may be confined only in a detention facility operated by the Service, or in a jail which has been approved by the Service as a detention facility or, upon approval from the Central Office, in some other suitable quarters. Children under eighteen years of age and women shall not be held in custody in jails unless absolutely unavoidable. Such aliens, when detention is necessary, may be detained in a private or other home or facility operated under contract with the Service for the maintenance of aliens, or in a home or other facility operated by a social welfare or philanthropic agency. Where detention of such aliens in a jail is unavoidable, a report thereof with the reasons therefor, shall be immediately submitted to the Central Office.

(e) *Institutional cases.* An alien confined in an institution shall not be removed therefrom, in the absence of special instructions, until a warrant of deportation has been served and the Service is completely ready to deport, except in the case of a criminal alien who has served his sentence and is subject to discharge from imprisonment.

(f) *Cost of maintenance pending deportation.* The cost of maintaining aliens in custody after arrest and pending deportation may be borne by the Government, except that where an alien is an inmate of a public or private institution at the time of the institution of deportation proceedings no expense shall be incurred by the Government until he is taken into physical custody by immigration officers.

EARL G. HARRISON,
Commissioner of
Immigration and Naturalization.

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 20-1]

PART 20—PILOT CERTIFICATES

EXTENSION OF TIME

Extending the period from 60 to 90 days during which the administrator may recall a pilot certificate.

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 27th day of July 1944.

Effective July 27, 1944, § 20.31 of the Civil Air Regulations is amended to read as follows:

§ 20.31 *Duration.* A pilot certificate shall be of 90 days' duration unless the holder thereof is otherwise notified by the Administrator within such period, and unless so notified shall thereafter continue in effect until otherwise specified by the Board. The certificate shall be automatically canceled at any time by the issuance of a new certificate of a different grade.

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 29th day of June, A. D. 1944.

In the Matter of Preparatory Training Institute, a Corporation

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and amendment thereto, the answers of the respondent to the complaint and amendment, testimony and other evidence in support of and in opposition to the allegations of the complaint and the amendment thereto taken before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence and exceptions filed thereto, briefs in support of and in opposition to the complaint as amended, and oral argument of counsel; and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, Preparatory Training Institute, a corporation, and its officers, representatives, agents, and employees, in connection with the offering for sale, sale, and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of courses of study and instruction intended for preparing students thereof for examinations for Civil Service positions under the United States Government of any similar courses of study, do forthwith cease and desist from:

1. Representing directly or by implication that the number of positions available in the United States Civil Service or in any branch thereof is greater than is actually the fact.

2. Representing directly or by implication that examinations for positions in the United States Civil Service are held at more frequent intervals than is actually the fact or that appointments to positions are made within a shorter period of time after the examination than is actually the fact.

3. Representing directly or by implication that certain specified Civil Service positions are open and available to students of said respondent's courses when in fact such positions are not open and available or when positions are such that

students of respondent's courses cannot properly qualify.

4. Representing directly or by implication that respondent controls or will procure Government jobs for students completing its courses of study.

5. Representing directly or by implication that respondent has any connection with the Government of the United States or any branch thereof, including the Civil Service Commission.

6. Representing directly or by implication that respondent is authorized by the Civil Service Commission to qualify applicants for Government positions.

7. Representing directly or by implication that respondent has information with respect to places at, or dates on which, Civil Service examinations will be held which are not available to any person applying to the Civil Service Commission for such information.

8. Representing directly or by implication that applicants or prospective purchasers of respondent's courses of study are especially selected.

9. Representing directly or by implication that appointments to positions in the Civil Service may or can be secured through respondent.

10. Using the term "registrar" to designate or describe respondent's representatives and salesmen.

11. Using the word "institute" or any abbreviation or simulation thereof as part of said respondent's trade name or as part of the name of respondent's school, or using the word "institute" in any manner to designate, describe, or refer to respondent's business.

12. Misrepresenting in any manner the possibilities or opportunities for employment in Civil Service positions of students of respondent's courses of study.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 670, as amended by 55 Stat. 236 and 56 Stat. 170; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-534, Revocation]

ALL STATE PIPE SUPPLY CO.

Suspension Order S-534 was issued against Samuel Fletcher and Rose Fletcher, doing business as All State Pipe Supply Company, at 616 North Myrtle Avenue, Jacksonville, Florida, effective May 15, 1944. An appeal was filed with the Chief Compliance Commissioner on June 3, 1944. A stay was ordered effective June 15, 1944. The case was reviewed by the Chief Compliance Commissioner, as a result of which on July 31, 1944, the Chief Compliance Commissioner directed that Suspension Order S-534 be revoked forthwith.

In view of the foregoing: *It is hereby ordered*, That: § 1010.534 *Suspension Order No. S-534* be revoked.

Issued this 31st day of July 1944.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[PR 3, Direction 5, as Amended Aug. 1, 1944]

RATINGS FOR LISTED CHEMICALS AND OTHER MATERIALS

The following direction is issued pursuant to Priorities Reg. 3:

(a) *Purpose*. Owing to the fact that the supply of certain materials is controlled by peculiar factors including their interchangeability and their use both as production materials and for MRO (maintenance, repair and operating supplies), it is necessary to provide special rules for the use of ratings in getting these materials. The purpose of this Direction is to prohibit the use of AA-1 and AA-2 blanket MRO ratings for the materials on the attached list, and to substitute in the place of these ratings, the use of production materials ratings. Where no pro-

duction materials ratings are available, this direction assigns ratings which may be used in place of AA-1 and AA-2 blanket MRO ratings.

(b) *Restriction on use of certain blanket MRO ratings.* Blanket MRO ratings of AA-1 and AA-2 may not be used to get any of the materials on the attached list for any purpose. An exception to this prohibition, however, is a rating assigned under P-98-b when the rating is applied with the allotment symbol, MRO-P-3, and a rating assigned under P-68 where the rating is applied with the allotment symbol S-8. "Blanket MRO ratings" are defined in paragraph (e) (2) of Priorities Regulation No. 3.

(c) *What ratings may be used instead.* You may use any of the following ratings which may be applicable to your situation for the materials listed in this direction:

(1) *Production materials ratings.* If you have a rating for production materials to be physically incorporated in your product, you may use that rating to get the materials on the attached list as MRO. You may not use the MRO symbol in this case, but your allotment number and symbol, if any, assigned to your production schedule should be used. "Production materials" are defined in paragraph (b) (2) of Priorities Regulation No. 11B and Interpretation No. 1 of that regulation issued June 16, 1943, and also paragraph (b) (1) of CMP Regulation No. 3. For the purpose of this Direction, any rating assigned under Orders P-65 and P-135 are production materials ratings. The amount of these materials which are bought as MRO with any production materials rating must be deducted from your MRO quota under CMP Regulation No. 5, or any other regulation or order which places limits on your purchase of MRO.

(2) *Blanket MRO rating of AA-1 lowered to AA-2X.* If you have a blanket MRO rating of AA-1, you may use an AA-2X rating to get the materials listed in this direction for MRO. If a purchase order bearing a blanket MRO rating of AA-1 is served upon a seller for a product which does not appear on the attached list but which contains any materials listed under "Chemicals" on the attached list, the seller may not extend that AA-1 rating to get the necessary production materials (appearing on the attached list) to make that product. The seller may use a rating of AA-2X instead to get the necessary production materials.

(3) *Blanket MRO rating of AA-2 lowered to AA-3.* If you have a blanket MRO rating of AA-2, you may use an AA-3 rating to get the materials listed in this direction for MRO. If a purchase order bearing a blanket MRO rating of AA-2 is served upon a seller for a product which does not appear on the attached list but which contains any materials listed under "Chemicals" on the attached list, the seller may not extend that AA-2 rating to get the necessary production materials (appearing on the attached list) to make that product. The seller may use a rating of AA-3 instead to get the necessary production materials.

(4) *Ratings for construction projects.* If you have a rating for materials to be physically incorporated in a construction project, you may use that rating to get materials on the attached list for MRO for use in that construction project.

(5) *Specific ratings.* You may use any rating assigned by a preference rating certificate which specifically names the kinds and quantities of material rated to get the materials on the attached list.

(d) *Persons engaged in several activities.* If a person is engaged in several business activities to which different ratings are assigned and it is impracticable to apportion his needs for any material on the attached list between those activities, he must use the rating assigned to the activity in which he is

principally engaged. For example, if a person has 75 per cent of his production devoted to filling orders bearing AA-1 production materials ratings, and 25 per cent of his production devoted to filling orders bearing other production materials ratings and it is impracticable to apportion his MRO needs between these, he may use his AA-1 production materials rating to procure items on the attached list to satisfy his entire MRO needs. Also if a person produces only one product but has more than one production rating for the materials going into that product, he must use the rating applicable to the greater portion of his production.

(e) *Applications for special assistance.* Any person who needs any material listed in this direction either as production material or for MRO, and is unable to get it with the rating which he has, may apply on Form WPB-541 (formerly PD-1A) to the nearest local office of the War Production Board for a higher rating.

Issued this 1st day of August 1944.

PART 3270—CONTAINERS

[Limitation Order L-103, Schedule C, as
Amended Aug. 1, 1944]

GLASS CONTAINER AND CLOSURE SIMPLIFICATION;
GLASS CONTAINERS FOR CERTAIN
FOOD PRODUCTS

§ 3270.49 *Schedule C to Limitation Order L-103—(a) Definition.* For the purposes of this schedule:

"Standard glass container" means any container constructed in accordance with the specifications and design prescribed by any exhibit set forth in Drawings 1 to 15, inclusive, annexed to Order L-103, which possesses the finish prescribed for such exhibit or, subject to the provisions of paragraph (b) (2) hereof, any other finish which is interchanged therewith in accordance with paragraph (g) of Limitation Order L-103.

(Note that in accordance with the footnotes to Drawings 7, 8, 9 and 13 glass containers conforming to the specifications of the following exhibits constitute "standard glass containers" for the purposes of this schedule only if they are manufactured before December 20, 1943—16-80, 16-81, 17-09, 17-11, 17-22, 17-76, 18-08, 18-14, 51-87, 51-89, 51-93, 51-95, 51-97, 51-99.)

(b) *Restrictions on use.* (1) With the exceptions set forth in paragraph (c) of this schedule, on and after July 4, 1943, no person shall use a glass container for the packing for sale of any product listed in the annexed table, except a standard glass container, having a capacity equal to or greater than that specified for such product in column II of said table.

(2) Notwithstanding the provisions of paragraph (g) of Order L-103, no person shall use for the packing for sale of any product listed in the table annexed to this schedule any glass container with a "deep screw cap" finish, except as specifically permitted by an exhibit authorized for such product.

(c) *Exceptions.* (1) Nothing in this schedule shall prevent the use, for the packing of any product listed in the annexed table, of any glass containers which were completely manufactured before the 4th day of July 1943.

(2) Nothing in this schedule shall restrict the sale, delivery, use or manufacture of glass containers with a capacity larger than 140 fluid ounces, of designs that existed on May 11, 1942.

(3) Nothing in this schedule shall prohibit any person who packed less than a total of 5,000 containers with all of the

products listed in the annexed table during the calendar year 1942 from purchasing, accepting delivery of, or using without restriction, during any subsequent calendar year, a maximum of 5,000 glass containers for packing such products.

(4) Except as specifically permitted by the drawings and exhibits annexed to Order L-103 molded lettering or decoration on standard glass containers for the respective products listed in said table shall be limited to the manufacturers' identification (which may include trademark, name, symbol), place of manufacture, date of manufacture by year, design number, and mold or cavity number.

(d) *Manufacture.* (1) No person shall manufacture, sell, or deliver any glass container which he knows, or has reason to believe, will be used in violation of any provision of this schedule.

(2) On and after the 5th day of April 1943, no molds may be manufactured for a container for any of the products listed in the annexed table which does not conform to the specifications of a standard glass container usable for such product, nor may any mold for a container for a product listed in the annexed table be replaced—whether because of wear or for any other reason—except by a mold which conforms to said specifications.

Issued this 1st day of August 1944.

¹ Any tumbler may be used (in addition to standard) for packing the applicable product provided:

(i) Such tumbler was made from a mold that was actually in existence on or before April 5, 1943;

(ii) Such tumbler has no larger than a 70 mm. finish;

(iii) The capacity of such tumbler is no less than 8 fl. oz. and no greater than 9 3/4 fl. oz.

² Until completion of the 1943 packing season for tomato catsup, any bottle of a design previously used for tomato catsup may be used therefor, in addition to the specified standards, provided:

(i) Said bottle was made from a mold actually in existence on April 5, 1943;

(ii) Such bottle is made to hold 14 oz. by weight of tomato catsup;

(iii) The height of such bottle to the "fill point" does not exceed 7 7/8 inches.

After completion of 1943 tomato catsup packing season, only the containers permitted for said product pursuant to paragraph (b) (1) of this schedule may be used.

PART 3288—PLUMBING AND HEATING EQUIPMENT

[Limitation Order L-42, Direction 3 as Amended Aug. 1, 1944]

CAST IRON BATHTUBS

The following amended direction is issued pursuant to Order L-42:

(a) *What this direction does.* The War Production Board having determined upon a program of production of metal bathtubs for the remainder of the year 1944, has authorized the production of 50,000 bathtubs for the third quarter. This direction tells by whom and for what purposes bathtubs may be made without utilizing labor in critical labor areas in order to produce the required 50,000 metal bathtubs.

(b) *Production of bathtubs.* Prior to October 1, 1944, in addition to the bathtubs authorized by previous Directions to Limitation Order L-42, the following manufacturers may produce at their plants at the addresses indicated, recess type cast iron bathtubs, no longer than those commercially known as five foot, and in quantities not exceeding the number indicated opposite their names:

American Radiator & Standard Sanitary Corporation, Louisville, Kentucky.....	10,000
Crane Company, Chattanooga, Tennessee.....	10,000
Eljer Company, Salem, Ohio.....	10,000
Kohler Company, Kohler, Wisconsin.....	10,000
Richmond Radiator Company, Uniontown, Pennsylvania.....	10,000

(c) *Sale of bathtubs.* These bathtubs may be delivered only to fill orders (1) of or for ultimate delivery to the Army or Navy, (2) for export authorized by the Foreign Economic Administration, or (3) for approved installation in projects rated in the P-19 series authorized on Form GA-1456, in the P-55

series authorized on Form WPB-2890, or in the U-1 series authorized on Form WPB-2774. No jobber, or dealer, may accept delivery of any such bathtubs to place in his inventory, whether or not he has previously delivered bathtubs to fill such orders. No jobber or dealer may order, or accept delivery of any such bathtubs unless he has in his possession an actual order calling for the delivery of bathtubs to an authorized project or building with a specified completion date, to or for the account of the Army, or Navy, or for installation in a project rated by orders in the P-19, P-55, or U-1 series. Shipments for export may be made only if a license has actually been issued by the Foreign Economic Administration. A manufacturer may not accept a rating alone as evidence of his authority to deliver to a dealer, but must obtain, in addition to the standard certification accompanying the extension of the rating, applicable information of the following nature:

(1) For delivery to the Army or Navy: the contract purchase order, or rating certificate number.

(2) For delivery to an authorized project of the P-19, P-55, or U-1 series: the number and location of the project.

(3) For export authorized by the Foreign Economic Administration: the export license number.

(d) [Deleted Aug. 1, 1944]

(e) *Reports.* Each manufacturer named in paragraph (b) shall report by letter on or before the 10th day of each month to the Plumbing and Heating Division, War Production Board, Washington 25, D. C., by airmail, the number of bathtubs produced and the number shipped under this direction during the preceding month. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(f) *Effect of other orders.* The restrictions of Schedule XII to Order L-42 are superceded to the extent necessary to give effect to this direction.

Issued this 1st day of August 1944.

(a) No electric power producer, and no person for an electric power producer's account, shall place a purchase order with any supplier other than another producer for the delivery of new distribution transformers, 5 KVA and smaller, except as provided in paragraphs (b), (c) and (d) of this direction.

(b) After August 15, 1944, a producer's purchase order for the delivery of new distribution transformers, 5 KVA and smaller, may be placed only if the producer's purchase order is accompanied by a completed Form WPB-3782 approved over the signature of the Regional Utility Engineer in its region, or the signature of the Chief, Inventory Control Branch, Office of War Utilities, Washington, D. C.

(c) Until August 15, 1944, purchase orders for the delivery of new distribution transformers, 5 KVA and smaller, may be placed if the producer's inquiry to the Regional Utility Engineer has been stamped "Approved for Manufacture" over the signature of the Regional Utility Engineer in its region, or if the purchase order is accompanied by a completed Form WPB-3782 in the manner provided in paragraph (b) above.

(d) In an emergency, an electric power producer may receive authority to place a purchase order for the delivery of new distribution transformers, 5 KVA and smaller, by telegraph from the Regional Utility Engineer, or the Chief, Inventory Control Branch, Office of War Utilities, Washington, D. C. In each such case the producer shall attach to his purchase order the approval telegram.

Issued this 1st day of August 1944.

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3656, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 4600—RUBBER, SYNTHETIC RUBBER, BALATA AND PRODUCTS THEREOF

[Rubber Order R-1, Appendix IV as Amended Aug. 1, 1944]

TIRE ALLOTMENT PLAN

(a) *What this order does.* This order places truck-bus tires, tractor-implement tires, and industrial tires under allocation and prescribes a procedure for the distribution of these products among claimant agencies on a quarterly basis.

For convenient reference, a summary of the "dead line" dates provided in the order as applied to any quarterly period, follows:

Definitions

(b) *Meaning of certain terms.* As used in this order:

(1) "Tires" means tires in the groups subject to allotment. These tire groups are defined in paragraph (d). Each group is divided into sub-groups.

(2) "Producer" means a manufacturer of tires in the groups subject to allotment.

(3) "Vehicle manufacturer" means a manufacturer of rubber-borne vehicles or equipment having tires in the groups subject to allotment as part of the original equipment.

(4) "Claimant agency" means any of the following Government Offices (identifying symbols are indicated):

Military Claimants

War Department (except Ordnance, which is identified by the Symbol (O))	(W)
Navy Department	(N)
Maritime Commission	(M)
Aircraft Resources Control Office	(C)
Foreign Economic Administration—Lend-Lease	(L)

Indirect Military Claimants

Office of Defense Transportation	(T)
Office of Operations Vice Chairman	
Foreign Economic Administration—Economic Warfare	(E)
War Food Administration	(A)

* See Table 1 attached.

Requirements, Capacities and Allotments

(c) *Forward estimates of production by producers.* Two months preceding the quarter to be covered by allotments to the claimant agencies or on or before February 1, May 1, August 1, November 1, each producer shall submit by letter to the Office of Rubber Director forward estimates of his production for the quarterly period in each of the groups and sub-groups set forth in the following paragraph. In addition, each producer shall submit similar forward estimates of his production for the following three quarterly periods.

(d) *Allotments to claimant agencies.* (1) Two months preceding the quarter to be covered by the allotment or on or before February 1, May 1, August 1, November 1, each claimant agency shall transmit to the Office of Rubber Director its total requirements for the quarterly period in each of the following groups and sub-groups:

Group A—Truck-bus tires: (This group includes truck-bus type and special purpose type pneumatic tires in all treads, whether for use on trucks, buses, farm equipment, construction machinery or other vehicles. It also includes highway type solid tires for use on any vehicles or equipment.)

A-1—Combat tires.

A-2—Extra large size tires, 16.00 and larger cross-section.

A-3—Large size tires, 9.00 through 14.00 cross-section except 9.00 x 16, 8 ply; also the following tires: 7.50 x 16, 10-12 ply; 8.25 x 15—10, 12 and 14 ply.

A-4—Medium size tires (dual bead), all 10 ply up to and including 8.25 cross-section, excluding 7.50 x 15 and 8.25 x 15.

A-5—Small size truck type tires (single bead) 8 ply and under, and 9.00 x 16, 8 ply; but excluding tires described in subgroup A-6 below.

A-6—Tires with 15 inch and 16 inch rim diameters, up to and including 7.50 cross-section (4, 6 and 8 ply only).

A-7—Solid tires.

Group B—Tractor-implement tires: (This group includes pneumatic tractor-implement type tires over 21" rim diameter and also includes size 9.00 x 16, in all treads for use on any vehicles or equipment).

B-1—Tires over 21" rim diameter and size 9.00 x 16.

Group C—Industrial tires: (This group includes pneumatic and pressed-on solid tires designed for industrial equipment and also includes bogie rollers.)

C-1—Bogie rollers.

C-2—Pressed-on industrial type solids, including industrial-tractor pressed-on solids, all sizes.

C-3—(Deleted).

C-4—Industrial type pneumatic tires (all sizes).

These requirements shall be divided between original equipment and replacement for each group and sub-group.

In addition, each claimant agency shall furnish to the Office of Rubber Director its estimated requirements for each group and sub-group for the following three quarterly periods.

(2) Upon the basis of requirements submitted by each claimant agency to the Office of Rubber Director, War Production Board will allot on or before the 15th day of the second month preceding the quarter to be covered by the allotment, to each claimant a quantity of tires by groups and sub-groups for the following quarterly period and shall also make tentative allotments to each claimant for the following three quarterly periods.

(3) Within 5 days after receipt of its allotment, each claimant agency shall furnish to the Office of Rubber Director a statement showing the break-down of its allotment by group and sub-group between original equipment and replacement.

(e) *Issuance of production directives to producers.* Not later than 10 days after the time prescribed in the preceding paragraph for the issuance of allotments to the claimant agencies, War Production Board will issue to each producer a directive for the period covered by the allotments, prescribing the percentage of the producer's facilities by groups and sub-groups allocated to the production of the following classes of orders:

(1) Original equipment; (2) replacement by military claimants; (3) indirect military replacement.

"Indirect Military" refers to claimants not designated as military claimants in paragraph (b). (4).

(f) [Deleted May 31, 1944]

Original Equipment

(g) *Vehicle manufacturer's authorization.* (1) Each manufacturer of vehicles or equipment listed in Table I must file his application for original equipment

tires on Form WPB-3663 with the appropriate industry division of the War Production Board in accordance with instructions accompanying the form, unless he is specifically excused from filing. A manufacturer of vehicles or equipment not listed in Table I need not file Form WPB-3663, unless he is specifically instructed to do so.

(2) On or before the first day of the month preceding each quarter, manufacturers of vehicles and equipment listed in Table I for which tires have been allotted, will be authorized by the War Production Board on Form GA-1733 to accept delivery of a specified number of tires by group and sub-group. In the case of tire mounted vehicles or equipment not listed in Table I, similar authorizations will be issued to vehicle manufacturers by the appropriate claimant agency.

(3) No manufacturer may accept delivery of tires for his production of vehicles or equipment (including tire mounted components of vehicles or equipment) unless he has been specifically authorized to accept such delivery under this order.

(h) *Vehicle manufacturer's certification to his supplier.* (1) In order to receive tires for original equipment, each vehicle manufacturer authorized under the preceding paragraph must certify to his supplier not later than the 15th day of the month preceding the first month of the quarter in which shipments are to be made, in substantially the following form signed by an authorized official:

Agency identification number or symbol _____ The undersigned certifies, subject to the criminal penalties for misrepresentation contained in section 35 (A) of the United States Criminal Code, that he is authorized to accept delivery of the following tires for his production during the quarterly period commencing _____, 1944; that the monthly deliveries specified will not result at any time in an inventory exceeding 10 days' supply based upon his total authorized monthly production:

Size Ply Type Quantity

The identification number shall consist of the appropriate symbol followed by the major program number (see Table I, unless authorization is issued by claimant agency).

No certification other than the above is required. The standard form of certification provided in Priorities Regulation 7 may not be substituted.

(2) By using the above certification, a vehicle manufacturer who buys tire mounted components for his production may authorize the manufacturer of the components to accept delivery of tires. On the basis of the certification received from his customer, the manufacturer of the tire mounted components shall use the same certification in placing his orders for tires with a producer. He must place his certified orders within the time prescribed for vehicle manufacturers.

(3) A vehicle manufacturer's authorization for tires may be reduced or cancelled at any time by the War Production

Board or claimant agency issuing the same. A manufacturer who is notified that his authorization has been reduced or cancelled must immediately reduce or cancel delivery orders which he has placed under his authorization to the extent necessary to bring scheduled deliveries within the authorized amount.

(4) A vehicle manufacturer's authorization for tires may be increased by the War Production Board or claimant agency issuing the same at any time during the quarter covered by the authorization.

In placing orders under an increase in authorization, a vehicle manufacturer must certify to the producer that he does so under "Increase dated _____," and in addition, must use the above certification for vehicle manufacturers signed by an authorized official. This may be done by preceding the certification with "Increase dated _____" (inserting date of increase). If the vehicle manufacturer is unable to place his certified order for additional tires, it may be referred to the Office of Rubber Director, War Production Board, for placement.

The procedure described in (2) above may be followed in authorizing a manufacturer of tire mounted components to receive tires under the increase, but the increase must be identified by date in the certification.

(5) No manufacturer shall certify an order for original equipment tires until he has received his authorization under this order.

Replacement

(i) *Replacement by procuring claimant agency.* In order to receive tires for replacement purposes under its allotment for any quarter, a claimant agency which purchases tires must certify to its supplier on or before the 15th day of the month preceding the quarter in substantially the following form signed by an authorized official:

Agency identification symbol _____
The undersigned certifies that the claimant agency identified by the above symbol is authorized to procure the following tires for replacement during the quarter commencing _____, 1944 and that the tires have been charged against its allotment for that period:

Size Ply Type Quantity

Open Capacity and Unplaced Orders

(j) *Placement against open capacity.* Unplaced certified orders may be referred to the Office of Rubber Director, War Production Board, for placement on the basis of open capacity reports received from producers. Unplaced orders must be received by the Office of Rubber Director on or before the 20th day of the month preceding the first month of the quarter for which the orders are certified.

(k) *Report by producer of his open capacity.* Each producer shall report to the Office of Rubber Director, War Production Board, by letter not later than the 20th day of the month preceding the first month of the quarter, the open capacity he has available for the production of tires in each group and sub-group, after making provision for the schedul-

ing of all orders placed with him as of the last day for placement of orders for production during the quarter. This report shall be based upon the percentage allocation of his production facilities made by directive issued to him under paragraph (e).

Producer's Acceptance and Shipment of Orders

(l) *General restrictions on acceptance.* Unless otherwise directed under the provisions of this order, no producer shall accept or fill any orders for tires except: (1) Orders certified under paragraphs (h) or (i) and presented to him within the prescribed time for placement; (2) orders for indirect military replacement.

Orders certified under paragraphs (h) or (i) must be presented not later than the 15th day of the month preceding the first month of the quarter in which shipments are to be made, except certified orders based upon an increase in a vehicle manufacturer's authorization, which may be presented at any time during the quarter.

(m) *Acceptance or fulfillment of orders in excess of authorized production.* No producer shall accept or fill any orders for tires to be delivered in any quarter in excess of the percentage allocation of his facilities for the particular class of order established by his production directive issued under paragraph (e), unless otherwise directed under the provisions of this order. No producer shall accept orders in excess of 100% of his expected production for the quarter.

(n) *Limitation on size of shipments.* No producer may ship in any calendar month to a vehicle manufacturer or claimant agency more than 40% of the tires in any size or type scheduled by him for shipment during the quarter to the particular manufacturer or agency under certified orders unless he can do so without interfering with other certified orders on his schedule. Shipments for indirect military replacement may be made only to the extent that the shipments do not interfere with the producer's frozen schedule under paragraph (p).

Scheduling Provisions

(o) *Directions by claimant agency.* A claimant agency which purchases tires may issue the following written directions to a producer: (1) Diverting a particular shipment of tires scheduled for its account by the producer; (2) changing tire sizes to be produced for its account within a particular sub-group but only if the production capacity required and the total number of tires scheduled for its account are not increased by the change.

(p) *Frozen production schedule.* On the first day of the quarter, each producer's production schedule shall become a frozen schedule within the meaning of Priorities Regulation 18 for the quarterly period, and may not be altered except as provided in that regulation. A producer may, however, accept certified orders based upon an increase in a vehicle manufacturer's authorization unless the production or shipment of any such orders

will interfere with his frozen schedule. In addition, written directions may be issued by a claimant agency under paragraph (o).

The following orders shall automatically become part of a producer's frozen schedule:

(1) Orders for original equipment tires which have been certified under paragraph (h) and which the producer has accepted and agreed to ship during the quarter.

(2) Orders placed with him by the Office of Rubber Director, War Production Board on the basis of his open capacity report for the quarterly period.

(3) Orders for replacement tires which he has accepted and agreed to fill during the quarterly period.

(q) *Other scheduling provisions.* With respect to the production or shipment of tires, the War Production Board may notwithstanding any other order, preference rating, directive, rule, or regulation (except Priorities Regulation No. 18) of the War Production Board or other Governmental agency:

(1) Direct the return or cancellation of any purchase order on the books of a producer.

(2) Direct changes in the production or shipping schedule of a producer.

(3) Cancel purchase orders placed with one producer and direct that they be placed with another producer.

Miscellaneous Provisions

(r) *Effect of preference ratings.* Within the limits established by his production directive, a producer shall accept orders certified under paragraphs (h) and (i) in the order in which they are received by him without regard to preference ratings.

(s) *Status of unfilled orders at end of quarter.* Unless authorized in writing by the Office of Rubber Director, War Production Board, no producer shall carry over any order which he has accepted for delivery during a particular quarter and which he has been unable to produce and ship during that quarter to the following quarter.

(t) *Duplication of orders.* No purchaser of tires shall duplicate an order for tires in any group or sub-group even though he intends to cancel or reduce his orders to the authorized or allotted amount prior to delivery.

(u) *Use of producer's interchangeable facilities.* A producer shall use his interchangeable facilities in accordance with List 6, Appendix II, Rubber Order R-1 as amended.

(v) [Deleted May 31, 1944.]

(w) *Applicability of regulations.* Except as otherwise provided, this order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time.

(x) *Appeals.* Any appeal from the provisions of this order shall be made in writing to the Office of Rubber Director, War Production Board, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(y) *Communications.* All reports required to be filed under this order and all

communications concerning this order shall, unless otherwise directed, be addressed to the Production and Priorities Department, Office of Rubber Director, War Production Board, Washington 25, D. C., Reference: Order R-1.

Issued this 1st day of August 1944.

RUBBER DIRECTOR
WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 1305—ADMINISTRATION

[Gen. RO 12,¹ Amdt. 4]

WAR RATION BOOK NO. 3

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

General Ration Order No. 12 is amended in the following respects:

1. Section 2 (a) is amended by adding a paragraph (3) to read as follows:

(3) Persons brought into the Continental United States by a Federal Government Agency for the sole purpose of performing agricultural or other labor, except as provided by section 7.

2. Section 7 is amended by adding a paragraph (b) to read as follows:

(b) After August 5, 1944 War Ration Book No. 3 shall not be replaced for persons covered by this section. After August 5, 1944 a War Ration Book No. 3 shall not be issued if the applicant has been issued a special shoe stamp under

the provisions of section 1.4 (d) of Ration Order 17. After August 15, 1944 a War Ration Book No. 3 shall not be issued under the provisions of this section.

This amendment shall become effective August 5, 1944.

[RO 17,¹ Amdt. 72]

SHOES

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Sec. 1.4 (d) is added to read as follows:

(d) *Stamps issued to imported laborers.* (1) Any person who is or has been brought into the continental United States by a federal government agency who has not been issued a War Ration Book 3 or who has surrendered it in accordance with General Ration Order 12 shall be eligible for one special shoe

stamp in each period between the opening validity date of one war ration shoe stamp and the open validity date of the next war ration shoe stamp. A special shoe stamp shall be issued to each such person by the federal government agency or employer contracting for such services, or by a local Board or other office of the Office of Price Administration, upon the authorization and instructions of the National office of the Office of Price Administration.

(2) The person authorized to issue a stamp under this paragraph shall write on it the words "No Book". He shall not fill in either the date of issue or the date of expiration but shall write on the stamp the number of the war ration shoe stamp which last became valid for shoes. A stamp so issued shall be valid for the same period of time as the war ration shoe stamp whose number is written on it.

This amendment shall become effective August 5, 1944.

SUGAR

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Revised Ration Order 3 is amended in the following respects:

1. Section 1407. 71a (h) is added to read as follows:

(h) *Additional sugar may be obtained by a person who used more than 250 pounds in 1941.* A person who during the 1944 home canning season has obtained 250 pounds of sugar under this section and who needs more sugar for the purposes of this section, may obtain an additional amount up to the amount which he used in 1941 in producing for sale "home processed foods" from fresh fruits and fruit juices. Applications under this paragraph shall be made to the Board on OPA Form R-315 in the way provided by paragraph (b). The application must with respect to the sugar applied for under this paragraph, state the information required under (b) except items (5), (6), (8) and (9), and in addition state the total amount of sugar used by the applicant in 1941 in producing for sale "home processed foods" from fresh fruits and fruit juices. The Board may not act on the application but shall send it to the District Office for decision. If the District Office finds that the applicant is entitled to a certificate under this paragraph, it shall instruct the Board to issue the certificate. If an ap-

PART 1448—EATING AND DRINKING ESTABLISHMENTS

[Restaurant MPR 2, Amdt. 1]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION

A statement of the considerations involved in the issuance of this Amendment 1 to Restaurant Maximum Price Regulation 2 has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Restaurant Maximum Price Regulation 2 is amended in the following respects:

1. In section 1 (a), (b) and (b) (2) the phrase "between April 4 and 10, 1943" is deleted and in each instance the words "during the week of April 4-10, 1943" are substituted therefor.

2. In section 1 the heading of paragraph (c) is amended to read "Special ceiling prices for coffee and milk"; the text of paragraph (c) is redesignated subparagraph (1) and the heading "Coffee" is added; the phrase "between October 4 and 10, 1942" in subparagraph (1) is deleted and the words "during the week of October 4-10, 1942" are substituted therefor; and paragraph (c) (2) is added to read as follows:

(2) *Milk.* Your ceiling price for sales of milk subject to this regulation is your legally established ceiling price during the week of June 18-24, 1944 for milk of the same kind, quantity or grade.

3. Section 8 is amended to read as follows:

SEC. 8. *Rules for seasonal operators.* If your establishment was in operation during April 4 to 10, 1943, and if more than 80 percent of your volume is customarily done in a seasonal period of not more than four months, you may, during that seasonal period, charge prices no higher than you charged for meals, food items, or beverages of the same class during the same seasonal period in 1943. If, however, your ceiling prices for such seasonal period of 1943 were frozen under a district or regional restaurant regulation at your highest prices charged during the base period of April 4 to 10, 1943, you may, if you desire, take as your seasonal ceiling prices the highest prices you charged for meals, food items, and beverages of the same class during the same seasonal period of 1942. In either case you must keep available for inspection

menus or records of the prices you charged during the seasonal period in 1943 or 1942, whichever happens to be your base period. At the end of the season and until the season starts again, you may not charge more than your ceiling prices figured under section 1 of this regulation.

4. Section 10 is amended to read as follows:

SEC. 10. *Moving your establishment or changing type of operation.* If you move your establishment or change your type of operation, you must keep the same prices and observe the same requirements as before. However, if you make a major change in your type of operation and your ceiling prices cause you substantial hardship, then, upon application by you before you change your type of operation, the OPA may establish different prices. You must file such application with your District Office and furnish all the information required by paragraph (b) of section 3, and you must show how such major changes in your type of operation will result in such financial hardship as to cause a substantial threat to the continuance of your operation.

5. The text of section 18 preceding paragraph (a) is amended to read:

SEC. 18. *Exempt sales.* Sales of the following items, or sales by the following eating or drinking establishments, or persons, are specifically exempt from the provisions of this regulation:

6. Sections 18 (f), (g) and (h) are added to read as follows:

(f) Milk when sold as a separate item for consumption off the premises and not as part of a meal. Such off-premise sales shall remain subject to the General Maximum Price Regulation or other applicable price regulations.

(g) Beer, wines, liquors, and other alcoholic beverages when sold as a separate item for consumption off the premises and not as part of a meal. Such off-premise sales shall remain subject to the applicable price regulations.

(h) Packaged distilled spirits or wines, regardless of whether the seal or "strip stamp" is broken, made by on-premise licensee to a purchaser who removes such distilled spirits or wines or any part thereof in any container from licensee's premises. Such sales shall remain subject to Maximum Price Regulation 445.

7. Section 19 (i) is added to read as follows:

(i) "OPA" means the Regional, District or other properly authorized office of the Office of Price Administration.

8. Section 22 is amended to read as follows:

SEC. 22. *Authority of Local War Price and Rationing Boards.* Each Regional Administrator may instruct any or all of the War Price and Rationing Boards in his region to receive complaints from the public, investigate prices charged by proprietors, hold hearings on prices charged by proprietors either on complaint or on its own motion, make appropriate

recommendations to its District Office, and exercise any other authority granted to them by the Price Administrator.

9. Section 23 is amended by adding the number 18 to the section numbers enumerated therein.

10. Section 25 (a) is amended to read as follows:

(a) This regulation supersedes and takes the place of all restaurant regulations issued by OPA Regional Administrators or District Directors. Since this regulation keeps many of the same basic pricing provisions, most of your ceiling prices under it will be the same as those you properly established under these restaurant regulations. This regulation shall not supersede Revised Maximum Price Regulation 319, Certain Bakery Products. It shall, however, supersede and take the place of all other price regulations insofar as they establish ceiling prices for food and drink sold in eating and drinking establishments for immediate consumption on or about the premises or put up to take out for consumption without further preparation. However, any price you charged during April 4 to 10, 1943 (or other appropriate base period) shall not be your ceiling price if it exceeded your ceiling price under any other regulation applicable at that time.

11. Appendix A, II is amended to read as follows:

II. Beverages:

1. Non-alcoholic beverages, including soft drinks not containing ice cream, sparkling and mineral waters.
2. Bottled malt beverages including beer, ale, near-beer, and similar beverages.
3. Draft malt beverages.
4. Wines, including sparkling wines, sold by the drink.
5. Bottled wines, including sparkling wines.
6. Cordials, including fruit liquors sold by the drink.
7. Bottled cordials, including fruit liquors.
8. Liquors, including whiskeys, gins, rums, brandies sold by the drink.
9. Bottled liquors, including whiskeys, gins, rums, brandies.
10. All other alcoholic beverages, including mixed drinks and cocktails sold by the drink.
11. All other bottled alcoholic beverages, including mixed drinks and cocktails.

This amendment shall become effective July 31, 1944.

Issued this 31st day of July 1944.

TITLE 38—PENSIONS, BONUSES AND VETERANS' RELIEF

Chapter I—Veterans' Administration

[Instruction 1-B]

VOCATIONAL REHABILITATION

PRINCIPLES AND PROCEDURE GOVERNING DETERMINATIONS AS TO VOCATIONAL HANDICAP AND AWARDING OF PENSION

Instruction No. 1-B, Public No. 16, 78th Congress, as amended (act of March 24, 1943). Principles and procedure governing determinations as to vocational handicap and the awarding of pension during the period of vocational rehabilitation under Public No. 16, 78th Congress, as amended.

Instructions Nos. 1 and 1-A, Public No. 16, 78th Congress, (8 F.R. 5351, 9480) are hereby canceled and this instruction issued in lieu thereof:

1. The adjudication division in each regional office or facility under the direction of an adjudication officer, and the claims division, veterans claims service, central office, under the direction of a chief, are vested with authority to determine whether a vocational handicap exists and award pension payable during the period of vocational rehabilitation.

2. Requirements for entitlement to vocational rehabilitation follow:

(a) Active military or naval service any time after September 15, 1940, and prior to the termination of the present war.

(b) A discharge under conditions other than dishonorable and under conditions other than those contained in section 300, Public No. 346, 78th Congress.

(c) A pensionable disability incurred in or aggravated by active service on or after September 16, 1940, and prior to the termination of hostilities in the present war.

(d) Vocational handicap due to such disability.

(e) Need for vocational rehabilitation to overcome such handicap.

3. Rating boards in the adjudication division, field office, area office, and the central disability board, claims division, veterans claims service, central office, will have original jurisdiction to determine whether a vocational handicap exists. Need for vocational rehabilitation to overcome the handicap will be determined by the vocational rehabilitation and education division.

4. A vocational handicap will be determined to exist when, upon the basis of the evidence of record as to the dis-

abled person's education, occupational training and experience, it is found the disability will materially interfere with securing and pursuing employment comparable with that for which qualified by education, training and experience.

(a) It is to be distinctly borne in mind, in applying the above definition, that there is a clear distinction between average impairment in earning capacity for pension purposes and a vocational handicap requiring vocational rehabilitation to overcome the handicap. A person who is totally disabled on the basis of average impairment in earning capacity may nevertheless be fully able to secure and pursue employment in some occupation for which he is well qualified. Conversely, a person who has a very slight pensionable disability may, on account of peculiar relationships existing between specified skills and his occupational experience, have a vocational handicap which would require vocational rehabilitation to overcome. It should also be borne in mind that unemployment is not necessarily an indication that a vocational handicap exists, nor is employment alone sufficient to support a determination that no vocational handicap exists. Mere temporary employment; the tenure of which may be dubious or which is not suitable for the individual; or comparable with his education, occupational training and skill, is not incompatible with the existence of a vocational handicap. A disabled person may be able to follow occupations not comparable with the occupation pursued prior to service and still have a vocational handicap. By comparable is meant, substantially similar or on a parity with regard to remuneration, permanence of employment, opportunities for advancement, and environment. When, however, the disabled person's best interests will be served by seeking and pursuing employment for which he is qualified, that is, when this offers a suitable career, it may not be held that a vocational handicap exists.

(b) Determinations as to existence of a vocational handicap will be recorded by proper notation on the rating sheet as follows: "Vocational handicap exists, Public No. 16, 78th Congress, as amended," or "Vocational handicap does not exist, Public No. 16, 78th Congress, as amended."

(c) Determination as to existence of vocational handicap will not be made by the rating agencies unless it is determined the veteran has a pensionable disability incurred in or aggravated by active military or naval service on or after September 16, 1940, and prior to termination of hostilities in the present war.

5. Written notice of the decision of the rating board or central disability board will include a statement as to whether the service-connected pensionable disability produces a vocational handicap.

(a) In the event the determination is in the affirmative, the statement should be substantially as follows:

Public No. 16, 78th Congress, as amended, amended Veterans Regulation No. 1 (a), as amended, to provide among other things

that any person who served in the active military or naval service at any time after September 15, 1940, and prior to the termination of the present war, who is discharged under conditions other than dishonorable or other than (1) by reason of the sentence of a general court martial, (2) on the ground that he was a conscientious objector who refused to perform military duty or refused to wear the uniform or otherwise to comply with lawful orders of competent military authority, (3) as a deserter or (4) of an officer by the acceptance of his resignation for the good of the service, and who has a disability incurred in or aggravated by such service for which pension is payable under laws administered by the Veterans Administration or would be but for receipt of retirement pay, and is in need of vocational rehabilitation to overcome the handicap of such disability, shall be entitled to such vocational rehabilitation as may be prescribed by the Administrator of Veterans Affairs to fit him for employment consistent with the degree of disablement. . . . In the event you are interested and consider vocational rehabilitation is necessary to overcome the handicap of your service-connected disability, the enclosed Form 1900, Application for Vocational Rehabilitation, should be prepared and returned to this office for consideration and determination as to whether you are in need of vocational rehabilitation.

(b) Should the determination be in the negative, the statement should be substantially as follows:

Public No. 16, 78th Congress, as amended, amended Veterans Regulation No. 1 (a), as amended, to provide among other things that any person who served in the active military or naval service at any time after September 15, 1940, and prior to the termination of the present war, who is discharged under conditions other than dishonorable or other than (1) by reason of the sentence of a general court martial, (2) on the ground that he was a conscientious objector who refused to perform military duty or refused to wear the uniform or otherwise to comply with lawful orders of competent military authority, (3) as a deserter or (4) of an officer by the acceptance of his resignation for the good of the service, and who has a disability incurred in or aggravated by such service for which pension is payable under laws administered by the Veterans Administration or would be but for receipt of retirement pay, and is in need of vocational rehabilitation to overcome the handicap of such disability, shall be entitled to such vocational rehabilitation as may be prescribed by the Administrator of Veterans Affairs to fit him for employment consistent with the degree of disablement. . . . It has been determined that the service-connected pensionable disability does not constitute such a vocational handicap as to require vocational rehabilitation to overcome.

(See paragraph 11 of this instruction regarding notification to veteran of his right of appeal.)

(c) When Form 1900, Application for Vocational Rehabilitation, is received from the veteran, it will be attached to the claims folder and forwarded to the vocational rehabilitation and education division.

6. The authorization unit, adjudication division, field office, and the authorization subdivision, claims division, veterans claims service, central office, will have jurisdiction over determinations as to basic entitlement to monetary benefits payable on account of vocational rehabilitation.

(a) Immediately upon entrance of the disabled veteran into vocational training the vocational rehabilitation and education division will notify the adjudication division, field office, or claims division, central office, depending upon the jurisdiction of the claim, by appropriate form showing veteran's name, claim number, and date of entrance into, and type of, training, that is, whether on the job. The vocational rehabilitation and education division will also notify the adjudication division or claims division, by form, of any change in status which would affect the rate of pension.

(b) The monthly rate of pension payable while the disabled veteran is pursuing a course of vocational rehabilitation will, except as hereinafter provided, be as follows:

(1) If the disabled person has neither wife nor child, \$80.00.

(2) If he has a wife, but no child, \$90.00.

(3) If he has a wife and one child, \$95.00, and \$5.00 for each additional child.

(4) If he has no wife and one child, \$90.00, and \$5.00 for each additional child.

(5) If he has a mother or father, either or both dependent on him for support, then, in addition to the above amounts, \$10.00 for each parent so dependent.

(The rates specified above are subject to the 15 percent increase provided by section 1, Public No. 312, 78th Congress.)

(6) The monthly rates of pension authorized in (1) to (5) above will be reduced to the extent of any forfeiture invoked as a penalty for breach of rules or regulations during training, upon notification from the vocational rehabilitation and education division.

(7) In no event will the monthly rate of pension payable while pursuing a course of vocational rehabilitation be less than the monthly rate of pension or retirement pay to which the disabled person would be entitled for service-connected disability.

(8) When the disabled person pursuing a course in vocational rehabilitation is furnished hospitalization by the United States Government or a political subdivision thereof, other than during approved leave, he will be entitled only to the monthly amount of pension or retirement pay authorized for the service-connected disability, and this disability pension or retirement pay will be subject to reduction or discontinuance as provided in § 35.06.

7. Pension payable on account of vocational rehabilitation will be apportioned as provided in §§ 3.1310-3.1317.

8. Awards adjusting the monthly rate of pension on account of vocational rehabilitation to the disabled person will be prepared upon Form 553 (c); apportioned awards to dependents, on Form 553 (a), citing "Public No. 16, 78th Congress, as amended," as authority for the award in the proper space.

(a) The effective date of an award of pension on account of vocational rehabilitation, shall be the date of entrance into vocational rehabilitation or reentrance, if interrupted.

(b) The effective date of an increased award of pension on account of vocational rehabilitation based on the marriage of the claimant, the birth or adoption of a child, or dependency of a parent, shall be the date of receipt of claim by the Veterans' Administration or the date the evidence of relationship or dependency shows entitlement, whichever is the later. In the event claimant's application is not complete, he will be advised of the evidence necessary to complete the application, and if such evidence is not received within one year from the date of request therefor, increased pension will not be paid by virtue of that application.

(c) Reduction of an award of pension payable on account of vocational rehabilitation shall be effective:

(1) In the event of death of a dependent, as of the date of death.

(2) In the event of divorce, the date preceding date of divorce.

(3) In case of a child, the date preceding the eighteenth anniversary of date of birth; or if attending school after age 18, the date of cessation of school attendance or the date preceding the twenty-first anniversary of the date of birth, whichever is the earlier; the date preceding date of marriage; in case of cessation of incapacity to support self by reason of mental or physical defect, last day of month in which reduction is approved.

(4) By reason of wages, compensation or other income received while training on the job, last day of month in which award effecting reduction is approved.

(d) Discontinuance of an award of pension payable on account of vocational rehabilitation because of interruption of course or employability determined, shall be effective:

(1) Interruption of course, date following date of interruption of course.

(2) Employability determined, first day of the third calendar month next succeeding that in which employability was determined.

9. Public No. 16, 78th Congress, as amended, provides, among other things, that—"Where any person while following a course of vocational rehabilitation as provided for in this part suffers an injury or aggravation of an injury, as a result of the pursuit of such course of vocational rehabilitation, and not the result of his or her own wilful misconduct, and such injury or aggravation results in additional disability to or death of such person, the benefits under laws applicable to veterans of the present war shall be awarded in the same manner and extent as if such disability, aggravation, or death were service-connected within the meaning of such laws; except that no benefits under this paragraph shall be awarded unless application be made therefor within two years after such injury or aggravation was suffered, or such death occurred."

(a) The benefits granted under that portion of Public No. 16, 78th Congress, as amended, quoted above, will not be awarded unless application is made therefor within two years after such injury or aggravation was suffered or such death occurred. Veterans Administra-

tion Form 526a, revised May 1943, will be used in filing claim for such benefits.

(b) Jurisdiction, determinations and adjudication action under this paragraph will be in accordance with the provisions of §§ 2.1122, 2.1123 and 2.1124, insofar as applicable.

10. Cases wherein the veteran served after September 15, 1940, and prior to December 7, 1941, will not be automatically reviewed. Upon receipt of a claim to reopen the case will be considered in accordance with the provisions of this instruction.

11. Public No. 16, 78th Congress, as amended, amends Title I, Public No. 2, 73d Congress, and § 35.01, as amended, accordingly, except as otherwise provided herein, the provisions of Regulations and Procedure, Veterans Administration, pertaining to definitions of relationship, dependency, jurisdiction, appeals, etc., under Public No. 2, 73d Congress, insofar as applicable, will control under this instruction. (July 21, 1944.) (57 Stat. 43; 58 Stat. 229, 38 U. S. C. 701, ch. 12 note; Pub. Law 346, 78th Cong.)

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[S. O. 222]

PART 97—ROUTING OF TRAFFIC

REROUTING OF GRAIN AND GRAIN PRODUCTS IN CARLOADS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 29th day of July, A. D. 1944.

Upon recommendation of the ODT-ICC Grain and Grain Products Transportation Conservation Committee to the Office of Defense Transportation that certain routes now maintained in tariffs on non-transit carload shipments of grain, grain products, and related articles, also seeds described in Appendix A attached hereto and made a part hereof, be closed because of the time consumed in transporting this traffic over such routes as compared with more direct routes, the Office of Defense Transportation recommends that this Commission take such action as it deems necessary; in the opinion of the Commission an emergency exists requiring immediate action to best promote the service in the interest of the public and the commerce of the people.

It is ordered, That:

Routing of non-transit grain, grain products, and related articles, also seeds in carloads over certain routes prohibited. (a) No common carrier by railroad subject to the Interstate Commerce Act shall accept for transportation, transport, or move, carload shipments of non-transit grain, grain products, and related articles, also seeds from

and to the points and over the routes specified in Appendix A, attached hereto and made a part hereof until further order of the Commission, but not for a longer period than the present war and six (6) months thereafter.

(b) *Application.* The provisions of this order shall not apply to any carload of non-transit grain, grain products, or related articles or seeds loaded for transportation or movement or being transported or moved from and to the points and over the routes specified in Appendix A prior to the effective date of this order.

(c) *Notice of prohibited routing.* Each railroad, or its agent, 30 days before the effective date of this order, shall publish, file, and post a supplement to each of its tariffs affected hereby, announcing the prohibition on routing specified in paragraph (a) of this section. (40 Stat. 101, secs. 402, 413, 41 Stat. 476, 485, secs. 4, 10, 54 Stat. 901, 912; 49 U.S.C. 1 (10)-(17), 15 (4))

It is further ordered, That this order shall become effective at 12:01 a. m., September 10, 1944; that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

W. P. BARTEL,
Secretary.

PART 91—AMENDMENT OF ALASKA GAME REGULATIONS

GAME ANIMALS, FUR ANIMALS, GAME BIRDS, NONGAME BIRDS, AND GAME FISHES IN ALASKA

Pursuant to the authority and direction contained in section 9 of the Alaska Game Law of January 13, 1925 (43 Stat. 739), as amended July 1, 1943, 57 Stat. 301, I, Harold L. Ickes, Secretary of the Interior, upon consultation with and recommendation from the Alaska Game Commission, have determined when, to what extent, and by what means game animals may be taken or possessed in Alaska, and in accordance with such determination do hereby adopt the following, effective July 30, 1944, as a suitable amendatory regulation permitting and governing the taking of moose in Alaska:

Paragraph (a) (2) (ii) of § 91.9.¹ *Open seasons, methods of taking, and limits on protected animals, birds, and game fishes*, is amended to read as follows:

(ii) Moose, bulls (except yearlings and calves).

North of the Alaska Range. September 1 to September 30 and December 1 to December 31. Limit, 1 during either or both periods.

South of the Alaska Range, but not in the Alaska No. 1 and Kenai No. 1 Peninsula areas and the Chilkoot and Chilkat River areas described in § 91.11 (f), (h), and (j), nor in Yakutat Bay Region between longitude 138° and 141°. November 16 to December 15 west of longitude 141° and September 1 to September 30 east of longitude 138°. Limit, 1 a season.

In testimony whereof I have hereunto set my hand and caused the official seal of the United States Department of the Interior to be affixed in the City of Washington this 26th day of July 1944.

HAROLD L. ICKES,
Secretary of the Interior.

[Order 1956, Area Coordinator's Gen. Direction H-2]

PART 401—PRODUCTION OF FISHERY COMMODITIES OR PRODUCTS

ALLOCATION OF HALIBUT WITHIN PORT OF SEATTLE, WASH.

Pursuant to Order No. 1956 of the Secretary of the Interior, issued June 13, 1944, (9 F.R. 6780), entitled "Allocation of Halibut Within Ports", which is referred to hereinafter simply as "the order", and pursuant especially to paragraphs (g) and (j) thereof, and because it is deemed necessary to accomplish the purposes of the order, the following General Direction No. H-2 is issued:

(a) A plan for supervised allocation of halibut among the dealers in the port of Seattle, Washington is hereby established in that port. Subject to reductions as provided for in the order, each of the permits issued for that port is assigned, from the halibut landings there available for allocation, the percentage set opposite the name of the permittee-dealer in the following schedule:

	Percent
Permit No. 1, Booth Fisheries Corporation.....	12½
Permit No. 2, Chase Fish Corporation.....	3
Permit No. 3, Dressel-Collins Fish Co.....	3
Permit No. 4, Eardley Fish & Fillet Co.....	3
Permit No. 5, McCallum-Lagan Fish Co., Inc.....	5½
Permit No. 6, New England Fish Co.....	10

Permit No. 10, Sebastian-Stuart Fish Co.....	13
Permit No. 11, Washington Fish & Oyster Co.....	10½
Permit No. 12, Whiz Fish Products Co.....	18
	100

(b) The halibut landings available for such allocation at the port of Seattle, to which the above percentages are to be applied, are the total landings at the port for the season of 1944, excluding all troll-caught halibut taken incidentally to salmon fishing.

(c) Nothing in this direction shall relieve any dealer from the necessity of securing a permit under the order, and no dealer listed in the allocation schedule above shall receive any deliveries of halibut, nor shall any person deliver halibut to any such dealer, except in accordance with a permit effective at the time of delivery.

(d) The term "halibut" as used in this direction refers only to Pacific halibut, and not to the other species included within the term as defined in paragraph (c) (3) of the order.

(e) This general direction shall become effective immediately; and purchases by permittees from the beginning of the season shall be included in the computation of landings to which the assigned percentages shall be applied, as provided by paragraph (n) of

the order, and consistent with the preceding paragraph (b) of this general direction.

Issued this 3d day of July 1944.

ALLOCATION OF HALIBUT WITHIN PORTS

Pursuant to Order No. 1956 of the Secretary of the Interior, issued June 13, 1944 (9 F.R. 6780), entitled "Allocation of Halibut Within Ports", which is referred to hereinafter simply as "the order", in accordance with paragraph (j) thereof, and because it is deemed necessary to accomplish the purposes of the order, the following General Direction No. H-9 is issued:

Paragraph (f) of Area Coordinator's General Direction No. H-1 (9 F.R. 7721) is amended to read as follows:

(f) (1) Where a load of halibut is purchased by a dealer at one port and delivered at another, if delivery is made in a fishing vessel, and if only one of the two ports is operating under a percentage allocation schedule, the load shall be considered a part of the percentage assigned to the dealer at such port. The same result shall follow however delivery is made if reported to for the purpose of evading the allocation schedule.

(2) If a load is bought in one allocation port and delivered in another port which is also an allocation port, it shall be computed

as a part of the allotment of the dealer at one port or the other in the discretion of the Field Supervisor.

(3) A load of halibut delivered to a person at one port as a result of arrangements made by or for him at another port shall be regarded, in applying this paragraph, as if purchased by him at such other port.

(4) In applying this paragraph, Prince Rupert shall be considered an allocation port if the load in question is received by a dealer who is receiving halibut at Prince Rupert under the voluntary allocation program operating as to some of the deliveries in that port.

(5) This paragraph shall not be construed to allow any person to purchase or take delivery of halibut at any port for which he has no permit.

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice of issuance of special certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that special certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 522.5 (b) of the regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective as of the date specified in each listed item below.

The employment of learners under these certificates is limited to the terms and conditions as designated opposite the employer's name. These certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The certificates may be cancelled in the manner provided for in the regulations and as indicated on the certificate. Any person aggrieved by the issuance of the certificates may seek a review or reconsideration thereof.

OFFICE OF ALIEN PROPERTY CUSTODIAN.

[Vesting Order 3859]

JULIUS GORINSHECK AND FREDERICK GORINSHECK

In re: Interests in real property and property insurance policies owned by Julius Gorinscheck and Frederick Gorinscheck.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the last known address of Julius Gorinscheck and Frederick Gorinscheck is Budapest, Hungary, and that they are residents of Hungary and nationals of a designated enemy country (Hungary);

2. That Julius Gorinscheck and Frederick Gorinscheck are the owners of the property described in subparagraph 3 hereof;

3. That the property described as follows:

a. The undivided one-half interest in and to that certain real property situated in the County of Dallas, State of Texas, particularly described in Exhibit A, attached hereto and by reference made a part hereof, identified as that interest acquired by Julius Gorinscheck and Frederick Gorinscheck by virtue of their being the heirs at law of Alois Gorinscheck, deceased, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property, and

b. All right, title and interest of Julius Gorinscheck and Frederick Gorinscheck in and to:

(1) Fire and Extended Coverage Policy No. 51031 issued by the Albany Insurance Company, New York, New York, in the amount of \$1,000, expiring March 14, 1947,

(2) Fire and Explosion Policy No. DC 26868 issued by the Anchor Insurance Company, Providence, Rhode Island, in the amount of \$900, expiring June 4, 1944, and any and all extensions or renewals thereof,

(3) Fire and Explosion Policy No. 666070 issued by the Republic Insurance Company, Dallas, Texas, in the amount of \$1,800, expiring December 24, 1946,

(4) Fire and Extended Coverage Policy No. 666073 issued by the Republic Insurance Company, Dallas, Texas, in the amount of \$1,500, expiring September 13, 1946,

such policies insuring improvements on the property described in subparagraph 3-a hereof,

is property within the United States owned or controlled by nationals of a designated enemy country (Hungary);

And determining that the property described in subparagraph 3-b hereof is necessary for the maintenance or safeguarding of other property (namely, that property described in subparagraph 3-a hereof) belonging to the same nationals of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive order;

And further determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Hungary);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and

deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3-a hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraph 3-b hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on June 28, 1944.

WILLIAM FIRESTEIN

In re: Estate of William Firestein, deceased; File D-57-257; E. T. sec. 6320.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests herein-after described are property which is in the process of administration by C. Beach, Beatyville, Kentucky, Administrator, acting under the judicial supervision of the County Court of the State of Kentucky, in and for the County of Lee;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Rumania, namely,

National and Last Known Address

Kalman Firestein, Leova, Bessarabia.

And determining that—

(3) Kalman Firestein, a citizen or subject of a designated enemy country, Rumania, and within an enemy occupied area, Leova, Bessarabia, is a national of a designated enemy country, Rumania;

(4) To the extent that such national is a person not within a designated enemy

country; the national interest of the United States requires that such person be treated as a national of a designated enemy country, Rumania; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Kalman Firestein in and to the estate of William Firestein, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: July 17, 1944.

TOSHIO JOJI, ET AL.

In re: Real property and a claim owned by Toshio Joji, Kenji Joji, Utaka Joji, also known as Yutaka Joji, and Kazuo Joji.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the last known address of Toshio Joji, Kenji Joji, Utaka Joji, also known as Yutaka Joji, and Kazuo Joji is Japan, and that they are residents of Japan and nationals of a designated enemy country (Japan);

2. That Toshio Joji, Kenji Joji, Utaka Joji, also known as Yutaka Joji, and Kazuo Joji are the owners of the property described in subparagraph 3 hereof;

3. That the property described as follows:
a. Real property situated in the County of Santa Cruz, State of California, particularly described in Exhibit A attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto and

any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property, and

b. All right, title, interest and claim of Toshio Joji, Kenji Joji, Utaka Joji, also known as Yutaka Joji, and Kazuo Joji, and each of them, in and to any and all obligations, contingent or otherwise and whether or not matured, owing to Toshio Joji, Kenji Joji, Utaka Joji, also known as Yutaka Joji, and Kazuo Joji, and each of them, by Y. Fujii and M. Fujii, Colorado River Relocation Project, Poston, Arizona, and each of them, including particularly but not limited to those sums arising by reason of rent from the real property described in subparagraph 3-a hereof, which sums are deposited in the Pajaro Valley National Bank, Watsonville, California, in an account entitled "Y. & M. Fujii", and any and all security rights in and to any and all collateral for any or all of such obligations, and the right to enforce and collect such obligations,

is property within the United States owned or controlled by nationals of a designated enemy country (Japan);

And determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3-a hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraph 3-b hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on June 28, 1944.

2. That Maria Casini is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows: All right, title and interest of Maria Casini in and to any and all claims or causes of action of any name or nature whatsoever, arising out of the death of Pellegrino Casini, under the common law and any Federal or State statutes, including but not limited to those arising under the Workmen's Compensation Act of the State of Ohio, and any and all claims against the Arcrods Corporation, Cleveland, Ohio, and the State Insurance Fund of the Industrial Commission of the State of Ohio, including but not limited to all rights of compensation, indemnity, proceeds, awards and judgments, and specifically the right to file, prosecute, collect and enforce such claims, including but not limited to the right to file claim with the Industrial Commission of the State of Ohio, and the right to prosecute, enforce and collect such claim,

is property within the United States owned or controlled by a national of a designated enemy country (Italy);

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Italy);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on July 17, 1944.

OFFICE OF PRICE ADMINISTRATION.

[Order 34 Under 19 (a)]

LUGGAGE FRAMES

ADJUSTMENT OF MAXIMUM PRICES

Order No. 34 under § 1499.19a of General Maximum Price Regulation.

Applications have been filed by representative producers in the Pennsylvania, New Jersey and New York area for price relief on sales of luggage frames. It has been shown that authorization to use adjustable pricing, pending the establishment of a uniform schedule of prices for these items, is necessary to promote production and distribution of the commodity involved and that the granting of such authorization will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended.

Therefore, under authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos.

9250 and 9328 and in accordance with § 1499.19a of the General Maximum Price Regulation; *It is ordered:*

(a) Producers in the states of Pennsylvania, New Jersey and New York may sell and deliver and any person may buy and receive luggage frames at prices adjustable to those later established by the Office of Price Administration.

(b) However, prices in excess of the maximums currently established under the General Maximum Price Regulation may not be collected or paid, pending further action by this Office.

(c) This order shall expire at midnight of September 30, 1944.

This order shall become effective August 1, 1944.

Issued this 31st day of July 1944.

(ii) For all sales and deliveries by the manufacturer to any other class of purchaser or on other terms and conditions of sale, the maximum prices shall be those determined by applying to the prices specified in subparagraph (1) (i) of this paragraph (a), the discounts, allowances, and other price differentials made by the manufacturer, during March 1942, on sales of the same type of article to the same class of purchaser and on the same terms and conditions. If the manufacturer did not make such sales during March 1942 he must apply to the Office of Price Administration, Washington, D. C., under the fourth pricing method, § 1499.158, of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until authorized by the Office of Price Administration.

(2) (i) For all sales and deliveries on and after the effective date of this order to retailers by persons, other than the manufacturer, who sell from the manufacturer's stock, the maximum price is that set forth below, f. o. b. factory:

Article	Model No.	Maximum price to retailers
Baby high chair.....		Each \$5.15

This price is subject to a cash discount of two percent for payment within ten days.

(ii) For all sales and deliveries by persons who sell from the manufacturer's stock, to any other class of purchaser or

on other terms and conditions of sale, the maximum prices shall be those determined under the applicable provisions of the General Maximum Price Regulation.

(b) At the time of or prior to the first invoice to each purchaser, other than a retailer, who resells from the manufacturer's stock, the manufacturer shall notify the purchaser for resale of the maximum prices and conditions established by paragraph (a) (2) of this order for such resales. This notice may be given in any convenient form.

(c) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 1st day of August 1944.

Issued this 31st day of July 1944.

[RPS 84, Order 14]

NATIONAL UNION RADIO CORP.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 14 under § 1336.101 (d) of Revised Price Schedule No. 24. Radio receiver and phonograph parts. Ap-

proval of maximum prices for sales of sub-standard radio receiver tubes manufactured by National Union Radio Corporation.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and Executive Orders No. 9250 and 9328, *It is ordered:*

(a) This Order No. 14 sets maximum prices for all sales and deliveries of sub-standard radio receiver tubes manufactured by National Union Radio Corporation, Newark, New Jersey. A sub-standard radio receiver tube is a tube which does not meet the manufacturer's specifications for standard tubes.

(1) For all sales and deliveries by the manufacturer to distributors, the manufacturer shall allow a 15% discount on his properly established maximum price for sales of standard radio receiver tubes in effect immediately prior to the effective date of this order.

(2) For all sales and deliveries by persons who purchase for resale, the seller shall allow a 15% discount on his properly established maximum price for sales of standard tubes as established by Amendment No. 134 to Supplementary Regulation No. 14 of the General Maximum Price Regulation.

(b) The manufacturer, prior to the delivery of any sub-standard tubes, must plainly mark such tube or carton containing the tube, to plainly indicate that the radio receiving tube is sub-standard.

(c) At the time of, or prior to the first invoice to each purchaser for resale of sub-standard radio receiver tubes, the manufacturer shall furnish such purchaser a copy of the following notice:

The enclosed tube is not of standard National Union quality but is believed to be satisfactory for the use intended. It has been released by us in the interest of conserving critical materials and making the best possible use of every operable tube.

Since it is of sub-standard quality, it has been sold by us at a price that is reduced to reflect the average lowering of quality. Should you within 30 days from the date of sale to an ultimate consumer, find it unsatisfactory for your use, it may be returned for replacement in kind or for full credit. If retained for more than 30 days, our usual adjustment policy will apply.

(d) To every sub-standard radio receiving tube shipped to a purchaser for resale, the manufacturer shall attach a tag or label or mark the carton in which the tube is shipped, so that the retail ceiling price is plainly legible.

(e) The manufacturer shall notify every person who buys from it of the maximum prices set by this Order No. 14 for resales by the purchaser. This notice shall be given at or prior to the first invoice to each purchaser and may be given in any convenient form.

(f) This Order No. 14 may be revoked or amended by the Price Administrator at any time.

This order shall become effective the 1st day of August 1944.

Issued this 31st day of July 1944.

SOLID FUELS IN CLEVELAND, OHIO, AREA

Amendment No. 1 to Order No. G-49 under Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Maximum prices for specified solid fuels in the Cleveland, Ohio, area.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration by § 1340.260 of Revised Maximum Price Regulation No. 122, *It is hereby ordered*, That Order No. G-49 under Revised Maximum Price Regulation No. 122 be amended in the following respects:

(a) Section (a) is amended to read as follows:

(a) *What this order does.* This order establishes maximum prices for sales of specified solid fuels made within the Cleveland, Ohio, area, defined to include all of Cuyahoga County, Ohio, with the exceptions of the municipalities of Berea and Chagrin Falls. These are the highest prices that any dealer may charge when he delivers such fuel at or to a

point in such Cleveland, Ohio, area; they are also the highest prices that any buyer in the course of trade or business may pay for them.

(b) Paragraph C of Part I in the Price Schedule, contained in section (c) (1), is amended to read as follows:

Column I

C. To the prices stated in sections A and B above may be added \$.15 per ton provided the coal is mined in Sub-district 6 of Producing District 8 and provided it is separately weighed and billed. Sub-district 6 includes that portion of District 8 which is in northern Tennessee and the following counties in Kentucky: Bell, Clay, Clinton, Jackson, Knox, Laurel, Leslie, Madison, McCreary, Owsley, Pulaski, Rock Castle, Wayne and Whitley.

This Amendment No. 1 to Order No. G-49 under Revised Maximum Price Regulation No. 122 shall become effective July 24, 1944.

FLUID MILK IN SPRINGFIELD, ILL.

Amendment No. 2 to Order No. G-36 under Maximum Price Regulation No. 329. Purchases of milk from producers for resale as fluid milk. Producers' milk prices in Springfield, Illinois.

For the reasons set forth in the opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1351.408 (b) of Maximum Price Regulation No. 329, *It is hereby ordered*, That paragraph (b) of Regional Order No. G-36 be amended to read as follows:

(b) *Applicability of producer prices.* Maximum prices established by paragraph (a) of this order shall apply to all purchases of milk from producers for resale for human consumption in fluid form by distributors whose bottling plants are located within Springfield, Illinois, or who sell within that city 50% or more of the milk sold by them. Maximum prices provided in paragraph (a) of this order shall apply only to purchases from producers from whom distributors covered by this Order purchased fluid milk during the period from June 1, 1943, to December 31, 1943, and are not applicable to purchases from producers who did not in that period sell to distributors covered by this Order. Maximum prices for purchases from producers from whom the distributors covered by this order did not purchase during such period, shall be the maximum prices established under Maximum Price Regulation No. 329.

This order shall become effective this 12th day of July 1944.

WAR FOOD ADMINISTRATION.

MILK IN CLINTON, IOWA, MARKETING AREA

Notice of report and opportunity to file written exceptions with respect to a proposed marketing agreement and to a proposed order regulating the handling of milk in the Clinton, Iowa, marketing area.

Pursuant to the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR, Cum. Supp., 900.1 et seq.), notice is hereby given of the filing with the hearing clerk of the report of the Director of Distribution, with respect to a marketing agreement and to an order regulating the handling of milk in the Clinton, Iowa, marketing area to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 1940 ed. 601 et seq.). Interested parties may file exceptions to this report with the Hearing Clerk, Office of the Solicitor, Room 1331, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on August 12, 1944.

The hearing, on the record of which this proposed marketing agreement and order were formulated, was initiated by the Office of Distribution following receipt of a petition by the Clinton Cooperative Milk Producers' Association, and was conducted at Clinton, Iowa, on June

21 and 22, 1944, after the issuance of notice on May 25, 1944 (9 F. R. 5761).

The major issues developed at the hearing were: (1) whether there is interstate commerce in milk in the Clinton marketing area; (2) whether an order should be issued; (3) the extent of the marketing area; (4) the definitions of "producer" and "handler"; (5) the classification of milk and milk products; (6) the level of class prices and the method for determining such prices; (7) emergency milk; (8) the amount of the administrative assessment; (9) the amount of the deduction for marketing services; and (10) the administrative provisions common to all orders.

With respect to these issues it is concluded from the record that:

1. There is interstate commerce in milk in the Clinton, Iowa, marketing area. The testimony presented at the hearing indicates that out of approximately 180 producers supplying milk to the market, 35 produce milk on farms located in Illinois, the remaining farms being located in Iowa. The Illinois produced milk constitutes approximately 21 percent of the milk supplied to the market by nearby producers. The record further indicates that during the past three years it has been necessary, during the greater part of the year, to purchase milk outside the local supply in order to meet demands. The usual sources of this milk appear to have been Argo Fey, Morrison, and Erie, all in Illinois, and the Quad Cities. The latter area is an interstate market comprising territory in both Illinois and Iowa, and receiving milk from producers in both States. Hence, it appears certain that well over 20 percent of the milk disposed of by Clinton handlers originates outside the State of Iowa.

2. An order should be issued to regulate the handling of milk in the Clinton, Iowa, marketing area. The evidence presented at the hearing indicates that there has been a steady decline both in the volume of milk produced for sale in the Clinton market, and in the number of producers regularly supplying the market. This appears to have resulted largely from the fact that the manufacturing plants which compete with Clinton handlers for the local milk supply were paying upwards of 15 cents per hundredweight more for milk than was being paid by local handlers. Producers indicate that this price discrepancy was largely due to their inability to bargain effectively with handlers.

The record also shows that producers feel that they have, in some instances, been victimized by handlers. It was charged that some handlers required producers to accept surplus prices for a portion of their milk at times when the market was so short of milk that the local supply was insufficient to meet fluid requirements. It was also charged that some handlers were deliberately underreporting the butterfat test of producers' milk. Both these accusations were denied by the handlers.

From the above we feel that there is need for the issuance of an order to stabilize milk marketing in the Clinton

area. It appears that there is need of a pricing program which will maintain the price of fluid milk for the Clinton market in a proper relationship with the prices paid for milk by nearby manufacturing plants if the already limited supply of milk available to Clinton is not to be further depleted. It is also felt that the auditing of handlers' utilization of milk and the checking of weights and tests by an impartial agency established under an order will aid in establishing and maintaining orderly marketing by allaying the apparent suspicions of producers that they are not receiving a proper accounting for their milk.

3. The Clinton marketing area should include the city of Clinton and the eastern part of Camanche Township, all in Clinton County, Iowa. The area thus described includes the communities normally served by the Clinton handlers as well as certain large manufacturing establishments, also supplied by Clinton handlers, which utilize large quantities of milk.

4. The term, "producer," should be restricted to those farmers producing milk under certification from the health authorities of the city of Clinton. This restriction appears logical since there would be no purpose in including within the definition those farmers who produce milk only for manufacturing purposes. The definition will include all producers whose milk normally is sold in the marketing area for consumption in fluid form since all the handlers who would be subject to the order distribute a portion of their milk in the city of Clinton and thus are required to receive milk only from producers who hold approval from the city of Clinton.

The term, "handler," should include any person who disposes of milk as Class I (fluid milk, milk drinks, and cream) in the marketing area. This definition would include all persons who purchase milk from producers as defined above and who are engaged in the distribution and sale of those products normally associated with the "fluid milk industry." It would exclude those plants which are engaged exclusively in the manufacture and sale of ice cream and dairy products.

5. The classification of milk should be the same as was proposed in the notice of hearing. The evidence presented at the hearing indicates no need for more than two classes of milk, Class I, the fluid milk products such as milk, flavored milk drinks, and cream, which are the products normally associated with the fluid milk industry and which must come from milk which bears the approval of the local health authorities; and Class II, manufactured dairy products which require no health department approval.

While there was some discussion as to the advisability or need for establishing a separate class for cream on the grounds that the Class I price was too high for milk made into cream, we feel that this argument is not sound since the method of classification set forth in the order places only the cream in Class I if the skim milk is used for manufacturing. Thus the price of 100 pounds of milk used to make cream would not

be the same as the price of 100 pounds of milk sold as milk unless the skim milk separated from the cream were disposed of in a Class I product. It was also proposed that cottage cheese be included in Class I or Class II if a three-class plan were adopted. While there appears to be some merit to this suggestion, since milk for cottage cheese apparently must meet the same stringent health requirements as milk for fluid consumption, we feel that there is insufficient evidence in the record to warrant such reclassification at this time.

There was no testimony presented to indicate any need for a change in the proposed methods of computing the volume of milk in each class, or determining the classification of producers' milk.

6. The class prices and the respective butterfat differentials should be the same as were proposed in the notice of hearing. The testimony presented at the hearing indicates that the principal competition for the Clinton milk supply comes from Illinois condenseries. Therefore, it seems only reasonable to base the Clinton Class I price on the average price paid by a group of these condenseries. Such a plan should cause the price of milk for the Clinton market to fluctuate with the prices paid for milk by the condenseries, and thus maintain a fixed relationship between the two. The 50-cent premium over the condensation price appears to be the minimum amount required to return to producers a blended price which will compensate for the added costs incurred by them in adapting their production to fluid market requirements, and in equipping and maintaining their dairy premises in accordance with the requirements of the health ordinance of the city of Clinton.

The Class II price should be based on the market quotations for butter and casein. From the testimony, it appears that these are the principal uses made by handlers of the milk which is received in excess of their fluid requirements. Therefore, it is only reasonable to base the price of such milk on the prices of those products which handlers normally manufacture from such milk. While this price is somewhat lower than the prices paid by the nearby condenseries, it is expected that, because of the small volume of Class II milk normally handled, the blended price returned to producers will be sufficiently above the condensation price during the greater part of the year to prevent a further diversion of milk away from the Clinton market.

The Class I and Class II butterfat differentials reflect the approximate value of the butterfat in milk when used to produce Class I and Class II products, respectively. In effect, the use of butterfat differentials in each class approximates separate pricing of the fat and skim milk in milk, the skim milk price being approximately the difference between the class price and the butterfat value. This system of pricing will insure equity among handlers by requiring each to pay exactly the same price

for fat or skim milk used to produce the same product.

7. The provision relating to emergency milk should be retained as proposed in the notice of hearing. There should also be added to the order the provision proposed by the producers' association that all milk received from sources other than producers and other handlers except emergency milk should be considered Class II milk except for that portion of such milk which was needed to fulfill Class I requirements beyond the available supply of producers' milk.

8. The administrative assessment should be fixed at an amount not to exceed 5 cents per hundredweight. It appears that there will be needed approximately \$300 per month to defray the costs of administering the order. From the record it appears that the average receipts of producer milk are approximately 600,000 pounds per month. Thus an assessment of 5 cents per hundredweight would be required to meet the expense of administering the order. Should experience prove that a lesser sum were sufficient, or should receipts increase to such an extent that the income exceeded needs, the market administrator, with the approval of the War Food Administrator, may reduce the assessment to an amount sufficient to meet the actual expenses.

9. The deduction for marketing services should be fixed at 5 cents per hundredweight. From the evidence presented it appears that the costs of checking the weight and butterfat test of producers' milk, and furnishing marketing information to producers will cost approximately \$300 per month. An assessment of 5 cents per hundredweight would be required to provide this sum.

10. Emergency provisions should be made in the order (i) to provide a basis for computing class prices in the event the basic commodity price quotations are discontinued, or should fail to reflect the true value of the product to producers because of the payment of subsidies or for other reasons; and (ii) to enable the War Food Administrator to forestall any abrupt price change which might have the effect of bringing the proposed pricing program into conflict with the national program for economic stabilization. Although the latter part of the provision was not proposed as such at the hearing, it is felt that the testimony concerning the possibilities of such a conflict occurring necessitates the inclusion of such a provision in the proposed order.

The other provisions of the proposed order, mainly administrative in character, should remain about as proposed in the notice of hearing. Slight changes should be made in the phraseology to correct typographical errors or to provide greater clarity, but these changes would not affect the intent or effect of the provision.

The following proposed order is recommended as the detailed means by which the conclusions may be carried out. The proposed marketing agreement is not included in this report because its provisions are identical with those set forth in the proposed order.

PROPOSED ORDER REGULATING THE HANDLING OF MILK IN THE CLINTON, IOWA, MARKETING AREA

It is found upon the evidence introduced at the public hearing held in Clinton, Iowa, on June 21 and 22, 1944:

1. That this order regulates the handling of milk in the same manner as and is applicable only to handlers defined in a marketing agreement upon which a hearing has been held; and

2. That the issuance of this order and all of the terms and conditions of the order tend to effectuate the declared policy of the act.

PROVISIONS

SECTION 1. Definitions. The following terms shall have the following meanings:

(a) "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended.

(b) "War Food Administrator" means the War Food Administrator of the United States or any officer or employee of the United States who is or who may be authorized to exercise the powers and to perform the duties, pursuant to the act, of the War Food Administrator of the United States.

(c) "Clinton, Iowa, marketing area," hereinafter called the "marketing area," means the territory lying within the corporate limits of the city of Clinton, and that part of Comanche Township, including the city of Comanche, lying east of sections 2, 11, 14, 23, 26, and 35, all in the State of Iowa.

(d) "Person" means any individual, partnership, corporation, association, or any other business unit.

(e) "Producer" means any person, irrespective of whether such person is also a handler, who, under certification by the health authorities of the city of Clinton, produces milk which is received at a plant from which Class I milk is disposed of in the marketing area or which is caused to be diverted by a cooperative association from a plant from which Class I milk is disposed of in the marketing area to a plant from which no milk is disposed of as Class I milk in the marketing area.

(f) "Handler" means any person who, on his own behalf or on behalf of others, purchases or receives milk from producers, associations of producers or other handlers, all or a portion of which milk is disposed of as Class I milk in the marketing area. This definition shall include a cooperative association with respect to the milk of any producer which it causes to be diverted from a plant from which milk is disposed of as Class I milk in the marketing area to a plant from which no milk is disposed of as Class I milk in the marketing area.

(g) "Producer-handler" means any person who is both a producer and a handler and who receives no milk from other producers: *Provided*, That (1) the maintenance, care, and management of the dairy animals and other resources necessary to produce the milk are the personal enterprise of and at the per-

sonal risk of such person in his capacity as a producer, and (2) the processing, packaging and distribution of the milk are the personal enterprise of and at the personal risk of such person in his capacity as a handler.

(h) "Delivery period" means the period from the effective date hereof to and including the last day of that month. Subsequent to that month, "delivery period" means the period from the first to the last day of each month, both inclusive.

(i) "Market administrator" means the agency which is described in section 2 for the administration hereof.

(j) "Cooperative association" means any cooperative association of producers which the War Food Administrator determines (1) to have its entire activities under the control of its members, and (2) to have and to be exercising full authority in the sale of milk of its members.

(k) "Emergency milk" means milk, skim milk, or cream received by a handler pursuant to section 6 from sources other than producers or other handlers.

Sec. 2. Market administrator—(a) Designation. The agency for the administration hereof shall be a market administrator who shall be a person selected by the War Food Administrator. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the War Food Administrator.

(b) **Powers.** The market administrator shall:

(1) Administer the terms and provisions hereof.

(2) Investigate and report to the War Food Administrator complaints of violations of the provisions hereof.

(3) Make rules and regulations to effectuate the terms and provisions hereof.

(c) **Duties.** The market administrator shall:

(1) Within 45 days following the date upon which he enters upon his duties, execute and deliver to the War Food Administrator a bond, conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the War Food Administrator.

(2) Keep such books and records as will clearly reflect the transactions provided for herein and surrender the same to his successor or to such other person as the War Food Administrator may designate.

(3) Submit his books and records to examination by the War Food Administrator at any and all times.

(4) Furnish such information and such verified reports as the War Food Administrator may request.

(5) Obtain a bond with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator.

(6) Publicly disclose to handlers and producers, unless otherwise directed by the War Food Administrator, the name of any person who, within 15 days after the date upon which he is required to perform such acts, has not (i) made reports pursuant to section 5 or (ii) made payments pursuant to section 8.

(7) Employ and fix the compensation of such persons as may be necessary to enable him to administer the terms and provisions hereof.

(8) Pay, out of the funds provided by section 9, (i) the cost of his bond and of the bonds of such of his employees as handle funds entrusted to the market administrator, (ii) his own compensation, and (iii) all other expenses necessarily incurred in the maintenance and functioning of his office.

(9) Promptly verify the information contained in reports submitted by handlers.

Sec. 3. Classification of milk—(a) Basis of classification. All milk, skim milk, or cream purchased or received by a handler or caused to be diverted by a cooperative association to a plant from which no milk is disposed of as Class I milk in the marketing areas shall be reported by the handler and shall be classified by the market administrator in the classes set forth in (b) of this section.

(b) **Classes of utilization.** Subject to the conditions set forth in (a) and (d) of this section, the classes of utilization of milk shall be as follows:

(1) Class I milk shall be all milk, skim milk, or cream disposed of in the form of milk, skim milk, buttermilk, flavored milk and milk drinks, and cream, for consumption as cream (including any cream product in fluid form containing 6 percent or more butterfat), and all milk not specifically accounted for as Class II milk.

(2) Class II milk shall be all milk, skim milk, and cream used to produce a milk product other than those specified in Class I milk and milk accounted for as actual plant shrinkage: *Provided*, That allowance for such plant shrinkage shall not exceed 3 percent of the total receipts of milk from producers.

(c) **Responsibility of handlers.** In establishing the classification of milk as required in (b) of this section, the burden rests upon the handler who receives milk from producers to account for the milk and to prove to the market administrator that such milk should not be classified as Class I milk.

(d) **Transfers of milk and cream.** (1) Milk, skim milk, and cream shall be classified as Class I milk when moved from the plant of a handler (i) to the plant of another handler who receives milk from producers: *Provided*, That if such milk, skim milk, or cream was utilized in Class II, it shall be classified accordingly subject to verification by the market administrator; (ii) to the plant of a handler who receives no milk from producers other than milk of his own production; and (iii) to the plant of a person, other than a handler, who distributes milk, skim milk, or cream in fluid form for consumption as such.

(2) Milk, skim milk, and cream received at the plant of a handler from sources other than producers or other handlers shall be Class II milk except for such milk in excess of the total Class II utilization of the receiving handler.

(3) Milk, skim milk, and cream, disposed of by a handler to the plant of a person, other than a handler, who does not distribute milk, skim milk, or cream

for consumption in fluid form shall be classified as Class II milk.

(e) *Computation of the milk in each class.* For each delivery period, the market administrator shall compute in the case of each handler the amount of milk in each class as defined in (b) of this section as follows:

(1) Determine the total pounds of milk received as follows: add into one sum the total pounds of milk, skim milk, and cream received from (i) producers; (ii) the handler's own farm production; (iii) other handlers; and (iv) other sources.

(2) Determine the total pounds of butterfat received as follows: multiply by its average butterfat test the weight of the milk, skim milk, and cream received from (i) producers; (ii) the handler's own farm production; (iii) other handlers; and (iv) other sources. Add together the resulting amounts.

(3) Determine the total pounds of milk in Class I as follows: (i) convert to pounds the total quantity of milk, skim milk, and cream, disposed of in each of the several products of Class I; (ii) add together the resulting amounts; and (iii) if the quantity of milk so computed when added to the pounds of Class II milk computed pursuant to (5) (iv) of this paragraph is less than the total pounds of milk received in accordance with (1) of this paragraph, an amount equal to the difference shall be added to the sum obtained in (ii) of this subparagraph.

(4) Determine the total pounds of butterfat in Class I as follows: (i) multiply the actual weight of each of the several products of Class I by its average butterfat test; (ii) add together the resulting amounts; and (iii) if the quantity of butterfat so computed, when added to the pounds of butterfat in Class II computed pursuant to (6) (iv) of this paragraph is less than the total pounds of butterfat received in accordance with (2) of this paragraph, an amount equal to the difference shall be added to the sum obtained in (ii) of this subparagraph.

(5) Determine the total pounds of milk in Class II as follows: (i) compute the total pounds of milk, skim milk, and cream which were used to produce each of the several products of Class II; (ii) add together the resulting amounts; (iii) subtract the total pounds of milk computed pursuant to (3) (ii) of this paragraph and the total pounds of milk computed pursuant to (ii) of this subparagraph from the total pounds of milk computed pursuant to (1) of this paragraph, which resulting quantity, up to 3 percent of the total receipts of milk from producers, shall be allowed as plant shrinkage for the purposes of this paragraph; and (iv) add together the result obtained in (ii) of this subparagraph and the amount of plant shrinkage allowed pursuant to (iii) of this subparagraph.

(6) Determine the total pounds of butterfat in Class II as follows: (i) multiply the actual weight of each of the several products of Class II by its average butterfat test; (ii) add together the resulting amounts; (iii) subtract the total pounds of butterfat computed pursuant to (4) (ii) of this paragraph and the total pounds of butterfat computed pursuant

ant to (ii) of this subparagraph from the total pounds of butterfat computed pursuant to (2) of this paragraph, which resulting quantity, up to 3 percent of the total receipts of butterfat from producers shall be allowed as plant shrinkage for the purposes of this paragraph; and (iv) add together the results obtained in (ii) of this subparagraph and the amount of plant shrinkage allowed pursuant to (iii) of this subparagraph.

(7) Determine the classification of milk of producers as follows: (i) subtract from the pounds of milk in each class the pounds of milk, skim milk, and cream received from other handlers and allocated to each class in accordance with (d) of this section; (ii) subtract from the remaining pounds of milk in Class II the total pounds of milk, skim milk, and cream, except emergency milk, received from sources other than producers, own farm production, and other handlers: *Provided*, That if the quantity of milk, skim milk, and cream, so received, is greater than the remaining quantity of Class II milk of such handler, an amount equal to the difference shall be subtracted from the remaining pounds of Class I milk; (iii) subtract pro rata from the remaining pounds of milk in each class, the total pounds of milk which were received from the handler's own farm production and emergency milk; (iv) if the remaining quantity of milk is greater than, or contains a greater quantity of butterfat than the handler reported having received from producers, an amount equal to the difference shall be subtracted pro rata from the remaining pounds of milk or butterfat in each class; and (v) the result shall be known as the "net pooled milk" in each class.

Sec. 4. *Minimum prices*—(a) *Class prices.* Each handler shall, subject to the provisions of (b) of this section, pay at the time and in the manner set forth in section 8 not less than the prices set forth in this section per hundredweight of milk received during each delivery period at such handler's plant or caused by such handler to be delivered to a plant from which no milk is disposed of in the marketing area.

(1) For Class I milk—the price shall be 50 cents per hundredweight more than the price resulting from the following computation by the market administrator: determine the average of the basic or field prices per hundredweight ascertained to have been paid for milk of 3.5 percent butterfat content received during the period beginning with the 16th day of the previous month and ending with the 15th day of the then current month at the plants listed in this subparagraph: *Provided*, That if the price so determined is less than the price computed by the market administrator in accordance with the following formula, such formula price shall be used in lieu of the above-stated price: (i) multiply by 6 the average wholesale price per pound of 92-score butter at Chicago for the delivery period as reported by the United States Department of Agriculture (or such other Federal agency as may be authorized to perform this price reporting function); (ii) add 2.4 times the average weekly prevailing price of the cheese

known as "Twins" during said delivery period on the Wisconsin Cheese Exchange at Plymouth, Wisconsin (in the absence of such prices the prevailing price of "Twins" at Chicago as reported by the United States Department of Agriculture (or such other Federal agency as may be authorized to perform this price reporting function) shall be used); (iii) divide the resulting sum by 7; (iv) add 30 percent thereof; and (v) multiply the result by 3.5.

Borden Company, Sterling, Ill.
Carnation Milk Company, Oregon, Ill.
Dean Milk Company, Belvidere, Ill.
Dean Milk Company, Pearl City, Ill.
Dean Milk Company, Pecatonica, Ill.
Libby, McNeill and Libby Co., Morrison, Ill.
Pet Milk Company, Schuylburg, Wis.
United Milk Products Co., Argo, Ill.

(2) For Class II milk, the price shall be the result of the following computation by the market administrator: multiply by 3.5 the average wholesale price per pound of 92-score butter at Chicago as reported by the United States Department of Agriculture (or such other Federal agency as may be authorized to perform this price reporting function) during the delivery period in which such milk was received, add 20 percent thereof and add any plus amount resulting from the following calculation:

Subtract 6 cents from the average price per pound of casein and multiply such result by 2.3. The price per pound of casein to be used shall be the average of the carlot prices for unground casein f. o. b. drying plants in the Chicago area as reported by the United States Department of Agriculture (or such other Federal agency as may be authorized to perform this price reporting function) during the delivery period in which such milk was received.

(b) *Butterfat differentials to handlers.* (1) If the average butterfat content of the milk of producers disposed of as Class I by any handler computed pursuant to section 3 (e) is more or less than 3.5 percent, such handler shall add to the Class I price per hundredweight computed pursuant to (a) (1) of this section for each one-tenth of 1 percent that the average butterfat content of such Class I milk is above 3.5 percent, or shall subtract from such Class I price for each one-tenth of 1 percent that the average butterfat content of such Class I milk is below 3.5 percent, an amount computed by the market administrator as follows: to the average wholesale price per pound of 92-score butter at Chicago as reported by the United States Department of Agriculture, or such other Federal agency as may be authorized to perform this price reporting function) for the delivery period during which such milk was received, add 20 percent, divide the result obtained by 10, and add 1.0 cent.

(2) If the average butterfat content of the milk of producers disposed of as Class II by any handler computed pursuant to section 3 (e) is more or less than 3.5 percent, such handler shall add to the Class II price per hundredweight computed pursuant to (a) (2) of this

section for each one-tenth of 1 percent that the average butterfat content of such Class II milk is above 3.5 percent, or shall subtract from such Class II price for each one-tenth of 1 percent that the average butterfat content of such Class II milk is below 3.5 percent, an amount computed by the market administrator as follows: to the average wholesale price per pound of 92-score butter at Chicago as reported by the United States Department of Agriculture (or such other Federal agency as may be authorized to perform this price reporting function) for the delivery period during which such milk was received, add 20 percent, and divide the result obtained by 10.

(c) *Emergency price provision.* (1) Whenever the provisions hereof require the market administrator to use a specific price (or prices) for milk or any milk product for the purpose of determining class prices or for any other purpose, the market administrator shall add to the specified price the amount of any subsidy or other similar payment being made by any Federal agency in connection with the milk or product, associated with the price specified: *Provided*, That if for any reason, the price specified is not reported or published as indicated, the market administrator shall use the applicable maximum uniform price established by regulations of any Federal agency plus the amount of any subsidy or other similar payment: *Provided*, That if the specified price is not reported or published and there is no applicable maximum uniform price or if the specified price is not reported or published and the War Food Administrator determines that the market price is below the applicable maximum uniform price, the market administrator shall use a price determined by the War Food Administrator to be equivalent to or comparable with the prices specified.

(2) Whenever the War Food Administrator finds and announces that the Class I price computed for any delivery period pursuant to (a) of this section is not in the public interest, the Class I price for such delivery period shall be the same as the Class I price for the previous delivery period: *Provided*, That if the War Food Administrator for two consecutive delivery periods finds and announces that the Class I price computed pursuant to (a) of this section is not in the public interest, he shall upon request of interested parties and pursuant to the applicable provisions of the act, issue notice of and opportunity for a hearing upon a proposed amendment to this section of the order.

SEC. 5. *Reports of handlers*—(a) *Periodic reports.* (1) On or before the 5th day after the end of each delivery period each handler, with respect to all milk or milk products which were, during such delivery period, (i) received from producers; (ii) received from other handlers; (iii) received from such handler's own farm production; (iv) received from any other sources; or (v) caused to be delivered to a plant from which no milk is disposed of in the marketing area, shall report to the market administrator, in

the detail and on forms prescribed by him, as follows:

(a) The receipts at each plant from producers who are not handlers;

(b) The receipts at each plant from any other handler, including any handler who is also a producer;

(c) The receipts at each plant from such handler's own farm production;

(d) The receipts at each plant from any other source;

(e) The utilization of all milk and milk products disposed of;

(f) The quantity of milk and milk products on hand; and

(g) The respective butterfat content of each of the above.

(2) On or before the 5th day after the end of each delivery period, the receipts at each plant of emergency milk as follows: (i) the amount of such milk and the average butterfat content thereof; (ii) the date or dates upon which such milk was received during the delivery period; (iii) the plant from which such milk was shipped; (iv) the prices paid or to be paid for such milk; (v) the utilization of such milk; and (vi) such other information with respect thereto as the market administrator may request.

(b) *Reports as to producers.* Each handler shall report to the market administrator within 10 days after the market administrator's request with respect to any producer and with respect to a period of time designated by the market administrator: (i) the name and address; (ii) the total pounds of milk received; (iii) the average butterfat test of milk received; and (iv) the number of days upon which milk was received.

(c) *Reports of payments to producers.* On or before the 20th day after the end of each delivery period, each handler shall submit to the market administrator his producer pay roll for such delivery period, which shall show for each producer (i) the net amount of such producer's payments with the prices, deductions, and charges involved, and (ii) the total volume of milk received from such producer or caused by the handler to be delivered to a plant from which no milk is disposed of in the marketing area and the average butterfat test of such milk.

(d) *Reports of producer-handlers and handlers whose sole sources of supply are receipts from other handlers.* Producer-handlers and handlers whose sole sources of supply are receipts from other handlers shall report to the market administrator at such time and in such manner as the market administrator may request.

(e) *Verification of reports and payments.* The market administrator shall verify all reports and payments of each handler by audits of such handler's records and the records of any other handler or person upon whose disposition of milk such handler claims classification. Each handler shall keep adequate records of receipts and utilization of milk and shall, during the usual hours of business, make available to the market administrator or his representative such records and facilities as will enable the market administrator to:

(1) Verify the receipts and disposition of all milk required to be reported pursuant to this section and, in the case of errors or omissions, ascertain the correct figures;

(2) Weigh, sample, and test for butterfat content the milk received from producers and any product of milk upon which classification depends; and

(3) Verify the payments to producers prescribed in section 8.

SEC. 6. *Application of provisions*—(a) *Handlers who receive no milk from producers.* Sections 4, 7, 8, 9, and 10 shall not apply to the handling of milk by handlers (1) whose sole sources of supply are receipts from other handlers or (2) who are producer-handlers pursuant to section 1 (g) as verified by the market administrator in the manner provided in (b) of this section.

(b) *Producer-handlers.* Handlers shall furnish to the market administrator for his verification, subject to review by the War Food Administrator, evidence of their qualifications as producer-handlers pursuant to section 1 (g), as of the effective date hereof, and they shall furnish evidence of subsequent changes made in the manner of producing or distributing their milk that affect their qualification as producer-handlers; such verification by the market administrator shall be made within 15 days of the date of receipt of the evidence and shall be effective retroactively to the effective date of the provisions hereof in cases verified within 45 days of such effective date and shall be effective retroactively to the first day of the delivery period during which verification is made in subsequent cases.

(c) *Emergency milk.* During any delivery period when the market administrator determines that the supply of milk available to any handler from producers and handlers is not sufficient to fulfill the Class I requirements of such handler, such handler, after giving notice to the market administrator of his intention to purchase milk from other than such sources, may secure milk from emergency sources on terms and conditions other than those provided in section 4 hereof. Emergency milk shall be reported to the market administrator by the receiving handler separately from milk received from producers and handlers in accordance with section 5 (a) (2). The person from whom the handler received such milk shall not be considered a handler with respect to milk disposed of in the marketing area under the circumstances described in this paragraph.

(d) *Milk received from other sources.* If a handler has disposed of milk, skim milk, or cream, except emergency milk, which was received from sources other than producers, his own farm production, or other handlers, as Class I milk within the marketing area, the market administrator, in determining the net pool obligation of the handler pursuant to section 7 (a), shall add an amount equal to the difference between the value of such milk at the Class I price and the value of such milk at the Class II price. This provision shall not apply if the handler can prove to the market administrator that such milk, skim milk, or cream was

used only to the extent that milk of producers was not available.

(e) *Payment for excess milk or butterfat.* If a handler, after subtracting receipts from his own farm production, receipts from other handlers, and receipts from sources determined as other than producers or other handlers, has disposed of milk or butterfat in excess of the milk or butterfat which, on the basis of his reports, has been credited to his producers as having been delivered by them, the market administrator in computing the net pool obligation of such handler pursuant to section 7 (a) shall add an amount equal to the value of such milk or butterfat in accordance with its utilization by the handler as determined pursuant to section 3 (e) (7) (iv).

SEC. 7. *Determination of uniform price to producers.*—(a) *Net pool obligation of handlers.* The net pool obligation of each handler for milk received from producers during each delivery period shall be a sum of money computed for such delivery period by the market administrator as follows: multiply the pounds of net pooled milk in each class computed pursuant to section 3 (e) by the class prices computed pursuant to section 4 (a) subject to the butterfat differentials set forth in section 4 (b), add together the resulting amounts, and add the value of any payments required to be made pursuant to paragraphs (d) and (e) of section 6.

(b) *Computation of the uniform price.* For each delivery period the market administrator shall compute the uniform price per hundredweight of milk as follows:

(1) Combine into one total the net pool obligations of all handlers computed pursuant to (a) of this section who made the reports prescribed by section 5 and who made the payments prescribed by section 8 for the previous delivery period;

(2) Add an amount equal to not less than one-half the cash balance in the producer-settlement fund;

(3) Subtract, if the average butterfat content of the net pooled milk of all handlers whose reports are included in this computation is greater than 3.5 percent, or add, if such average butterfat content is less than 3.5 percent, an amount computed as follows: multiply the amount by which the average butterfat content of such milk varies from 3.5 percent by the butterfat differential computed pursuant to section 8 (c), and multiply the result by the total hundredweight of net pooled milk of all handlers whose reports are included in this computation.

(4) Divide the resulting sum by the total quantity of net pooled milk of all handlers whose reports are included in this computation.

(5) Subtract not less than 4 cents nor more than 5 cents per hundredweight of milk for the purpose of retaining in the producer-settlement fund a cash balance to provide against errors in reports and payments or delinquencies in payment by handlers. The result shall be known as the "uniform price" per hundredweight for milk of producers containing 3.5 percent butterfat.

(c) *Announcement of prices.* On or before the 9th day after the end of each delivery period, the market administrator shall notify all handlers and make public announcement of the computation, pursuant to (b) of this section, of the uniform price per hundredweight of milk, of the Class I and Class II prices computed pursuant to section 4 (a) and of the butterfat differentials to handlers computed pursuant to section 4 (b) and of the butterfat differential to producers computed pursuant to section 8 (c).

(d) *Notification of handlers.* On or before the 9th day after the end of each delivery period, the market administrator shall notify each handler of the amount of his net pool obligation and of the amount by which such handler's net pool obligation is greater or less than the sum required to be paid producers by such handler pursuant to section 8 (a).

SEC. 8. *Payments for milk.*—(a) *Time and method of payment.* Each handler shall make payment, subject to the butterfat differential set forth in (c) of this section, after deducting the amount of the payments made pursuant to (b) of this section for milk purchased or received from producers by such handler during each delivery period as follows:

(1) To each producer, except as set forth in (2) of this paragraph, on or before the 15th day after the end of the delivery period during which such milk was purchased or received, at not less than the uniform price per hundredweight computed pursuant to section 7 (b).

(2) To a cooperative association for milk which it causes to be delivered to a handler from producers and for which such cooperative association collects payments, on or before the 12th day after the end of the delivery period during which such milk was purchased or received, of a total amount equal to not less than the sum of the individual payments otherwise payable to such producers under (1) of this paragraph.

(b) *Half delivery period payments.* (1) On or before the last day of each delivery period, each handler shall, except as set forth in (2) of this paragraph, make payment to each producer for the approximate value of the milk of such producer which, during the first 15 days of the delivery period, was received by such handler.

(2) At least 3 days before the end of each delivery period, each handler shall make payment to a cooperative association for milk which it causes to be delivered to a handler from producers and for which such cooperative association collects payments for the approximate value of the milk which such cooperative association caused to be delivered to such handler during the first 15 days of the delivery period.

(c) *Butterfat differential to producers.* If, during the delivery period, any handler has purchased or received from any producer milk having an average butterfat content other than 3.5 percent, such handler, in making the payments prescribed in (a) (1) and (2) of this section, shall add to the uniform price per hundredweight paid to such producer for

each one-tenth of 1 percent of average butterfat content in milk above 3.5 percent not less than, or shall deduct from the uniform price per hundredweight paid to such producer for each one-tenth of 1 percent of average butterfat content in milk below 3.5 percent not more than, an amount computed by the market administrator as follows: to the average wholesale price per pound of 92-score butter at Chicago as reported by the United States Department of Agriculture (or such other Federal agency as may be authorized to perform this price reporting function) add 20 percent, and divide the resulting sum by 10.

(d) *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made by handlers pursuant to (e) and (g) of this section and out of which he shall make all payments to handlers pursuant to (f) and (g) of this section: *Provided*, That the market administrator shall offset any such payment due to any handler against payments due from such handler.

(e) *Payments to the producer-settlement fund.* On or before the 12th day after the end of each delivery period, each handler shall pay to the market administrator for payment to producers through the producer-settlement fund the amount by which the net pool obligation of such handler is greater than the sum required to be paid producers by such handler pursuant to (a) of this section.

(f) *Payments out of the producer-settlement fund.* (1) On or before the 15th day after the end of each delivery period, the market administrator shall pay to each handler for payment to producers the amount by which the sum required to be paid producers by such handler pursuant to (a) of this section is greater than the net pool obligation of such handler.

(2) If the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available. No handler who, on the 15th day after the end of each delivery period, has not received the balance of such reduced payment from the market administrator shall be deemed to be in violation of (a) of this section if he reduces his payments to producers by not more than the amount of the reduction in payment from the producer-settlement fund.

(g) *Adjustments of errors in payments.* Whenever verification by the market administrator of reports or payments of any handler discloses errors in payments to the producer-settlement fund made pursuant to (e) of this section, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 5 days of such billing make payment to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler pursuant to (f) of this section, the mar-

ket administrator shall, within 5 days, make such payment to such handler. Whenever verification by the market administrator of the payment by a handler to any producer discloses payment to such producer of an amount which is less than is required by this section, the handler shall make up such payment to the producer not later than the time of making payment to producers next following such disclosure.

SEC. 9. Marketing service.—(a) *Deductions for marketing services.* Except as set forth in paragraph (b) of this section, each handler shall deduct an amount not exceeding 5 cents per hundredweight (the exact amount to be determined by the market administrator, subject to review by the War Food Administrator) from the payments made to producers pursuant to section 8 with respect to all milk received by such handler during each delivery period from producers, and shall pay such deductions to the market administrator on or before the 15th day after the end of such delivery period. Such moneys shall be used by the market administrator to verify weights, samples, and tests of milk received by handlers from producers during the delivery period and to provide such producers with market information, such services to be performed in whole or in part by the market administrator or by an agent engaged by and responsible to him.

(b) *Producers' cooperative association.* In the case of producers for whom a cooperative association, which the War Food Administrator determines to be qualified under the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act," is actually performing, as determined by the War Food Administrator, the services set forth in paragraph (a) of this section, each handler shall make, in lieu of the deductions specified in paragraph (a) of this section, such deductions from the payments to be made to such producers as may be authorized by such producers and, on or before the 15th day after the end of each delivery period, pay over such deductions to the cooperative association rendering such services of which such producers are members.

SEC. 10. Expense of administration.—(a) *Payments by handlers.* As his pro rata share of the expense of the administration hereof, each handler, on or before the 15th day after the end of each delivery period, shall pay to the market administrator a sum not exceeding 5 cents per hundredweight with respect to all milk received during such delivery period producers or from a producer's cooperative association or produced by such handler, the exact sum to be determined by the market administrator subject to review by the War Food Administrator: *Provided*, That such handler which is a cooperative association shall pay such pro

rata share of expense of administration on only that milk of producers received by such association or caused to be delivered by such association to a plant from which no milk is disposed of in the marketing area.

(b) *Suits by market administrator.* The market administrator may maintain a suit in his own name against any handler for the collection of such handler's pro rata share of expense set forth in this section.

SEC. 11. Effective time, suspension, or termination.—(a) *Effective time.* The provisions hereof, or any amendment hereto, shall become effective at such time as the War Food Administrator may declare and shall continue in force until suspended or terminated, pursuant to paragraph (b) of this section.

(b) *Suspension or termination.* The War Food Administrator may suspend or terminate this order or any provision hereof, whenever he finds that this order or any provision hereof, obstructs, or does not tend to effectuate the declared policy of the act. This order shall terminate, in any event, whenever the provisions of the act authorizing it cease to be in effect.

(c) *Continuing power and duty of the market administrator.* If, upon the suspension or termination of any or all provisions hereof, there are any obligations arising hereunder the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such acts required to be performed by the market administrator shall, if the War Food Administrator so directs, be performed by such other person, persons, or agency as the War Food Administrator may designate.

(1) The market administrator, or such other person as the War Food Administrator may designate, shall (a) continue in such capacity until discharged by the War Food Administrator, (b) from time to time account for all receipts and disbursements, and, when so directed by the War Food Administrator, deliver all funds or property on hand, together with the books and records of the market administrator, or such person, to such person, as the War Food Administrator may direct, and (c) if so directed by the War Food Administrator, execute such assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

(d) *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions hereof, the market administrator, or such person as the War Food Administrator may designate shall, if so directed by the War Food Administrator, liquidate the

business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions hereof, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

SEC. 12. Agents. The War Food Administrator may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions hereof.

This report filed at Washington, D. C., this 1st day of August 1944.

C. W. KITCHEN,
Acting Director of Distribution.
